

challenged in the Northern District of Florida, Pensacola division by thirteen state Attorney Generals, who filed their complaint the same day, on March 23, 2010. The same act is being challenged by the undersigned, Dr. Orly Taitz, ESQ, who is suing pro se Mr. Obama in regards to damages suffered by her, and who included a challenge to the above bill as part of her First Amended Complaint, which was filed by her in the District of Columbia on March 19, 2010 when the passing of the bill was imminent.

H.R. 3590 was signed into law by Mr. Barack Hussein Obama, who amazingly does not possess a valid U.S. Social Security number, which every legal citizen of the US is supposed to possess, never proved his legitimacy to the presidency. Therefore the act is invalid, as it was not signed by one legally entitled to sign it.

Attached is Exhibit 1, Affidavit from a retired Deportation Officer with the Department of Homeland Security and licensed investigator Mr. John Sampson, stating that the Social Security number used by Mr. Obama most of his life 042-68-4425, cannot be a lawfully obtained number, as 042 are the initial digits assigned to the state of CT, while Mr. Obama was never a resident of CT.

Exhibit 2, is an affidavit from a private investigator, licensed with the Department of Homeland Security, Susan Daniels. It concurs that for most of his life Mr. Obama has used number 042-68-4425, which cannot be lawfully his, as indeed it was obtained in CT, when Mr. Obama resided in HI. Moreover, Ms. Daniels research shows that this is a number that was issued to an individual born in 1890, and Mr. Obama assumed this number

unlawfully. Ms. Daniels provides a list of 8 more Social Security numbers used by Mr. Obama, as well as several numbers used by Michele Obama.

Exhibit 3 is an affidavit from a licensed investigator and retired Scotland Yard elite anti organized crime officer Mr. Neil Sankey, who has compiled from the most reputable National databases: Lexis Nexis and Choice Point a list of multiple addresses under the names of Barack Obama and Barry Obama, those addresses are connected to 39 different social security numbers, none of which were issued in the state of HI.

Exhibit four is an affidavit from a licensed document expert Sandra Ramsey Lines, which states that the short version (abbreviated) COLB-Certification of Live Birth of Barrack Hussein Obama cannot be viewed as genuine without examining the original, currently sealed in the Health Department in HI, which Mr. Obama refuses to unseal in spite of over 60 Federal and multiple State actions brought by citizens, State Representatives and highly ranked members of the military from around the nation. None of the above actions were heard on the merits, but rather were dismissed on technical procedural grounds, such as standing and jurisdiction. All of the above facts cast a doubt as to the legitimacy of Mr. Obama to serve as a President due to his lack of qualification as a Natural Born citizen per Article 2, section 1, §5, making him ineligible to sign H.R.3590.

Additionally, Dr. Taitz has brought a Quo Warranto action, as specified in District of Columbia statutes §16-3501- §16-3503, which allows Quo Warranto action against a federal officer within the jurisdiction of the District of Columbia. As Florida does not provide such jurisdiction, it appears to be imperative to join two causes of action in the District of

Columbia, where it is already being heard by Chief Judge of the US District Court for the District of Columbia Honorable Judge Royce C. Lamberth. There has to be a Quo Warranto determination, regardless to Mr. Obama's place of birth, whether he is eligible to serve as US President and Commander in Chief, as he had since birth split allegiance citizenship of multiple countries: Great Britain, Kenya and Indonesia. Such Quo Warranto action will nullify H.R. 3590, as it would be deemed signed by an ineligible party and it would dispense both causes of action.

Current Health Care Bill H.R. 3590 represents a **Tortuous Interference with Existing Contracts**. As millions of citizens have worked and contributed into the Medicaid program, relying upon the promise by the US Government and Congress, that this money will be in safe keeping when needed as doctors such as Dr. Taitz have spent years in training and invested in their practices, relying upon the promise that such programs will exist for years and they will be paid reasonable fees for their services, and as the individual States have spent billions of dollars in building an infrastructure to service Medicaid programs. Currently, the Pelosi-Reid lead majority in Congress and Obama administration are simply stealing from the Medicaid program billions and trillions of dollars and interfering with the existing contracts without any Constitutional right to do so. While the Obama administration hails this bill as a great gift to the Nation, in reality neither Obama administration, nor the Pelosi-Reid Congress are giving anything, they are simply stealing from the existing programs, that are on the verge of bankruptcy as it is.

H.R.3590 represents a **Breach of Contract**. Every governmental program and entitlement program represents a contract with the American people. As the public and the states contribute into the program, such funds are supposed to be kept safe and prudently invested. Today it is quite clear that the funds have been mismanaged, misappropriated or embezzled, as currently there is a **45 trillion dollars debt in unfunded liabilities in Social Security and an additional 57 trillion dollars in unfunded liabilities in Medicaid**. The US government and Congress **have breached their obligations to the citizens, like Dr. Taitz and to the States**. Taking billions and trillions of dollars from the programs that are already in deep debt and overburdened, is more than just the breach of an obligation, it is reckless and it is a breach of **Covenant of Good Faith and Fair Dealing**. This breach represents nothing but an enormous **Criminal Ponzi scheme**, which rests on a pyramid of prior Ponzi schemes.

H.R. 3590 represents an **Unenforceable Illusory Contract**. Today the US government and US Congress are facing a 13.5 trillion dollars of foreign debt on top of 102 trillion dollars of unfunded liabilities described previously, for a **total of 115.5 trillion dollars of total debt and obligations** with the Obama administration running over 1.5 trillion dollars of unprecedented yearly deficit which is expected to double our foreign debt in the near future. When the overburdened US government signs such an enormous program of entitlement without any reasonable means to sustain it, it creates and Unenforceable Illusory contract.

H.R. 3590 represents a violation of the **Commerce Clause**. While the government has a right to provide some regulation of commerce, it is not

allowed to **overburden Interstate Commerce and interfere with existing commercial relations**. Today Dr. Taitz, as a doctor, is providing treatment to patients, some of them chose not to pay thousands of dollars for insurance, but rather pay Taitz for their care directly. Under H.R. 3590 those patients will be forced by the government **to purchase a product or be penalized by the government. How is this different from the mafia bosses ruffling up business owners choosing not to buy the “insurance” of their protection?** While Taitz is aware that Obama was groomed in Chicago, the birthplace of such activities, the United States of America as a whole is not Chicago. The US Constitution gives the Federal government very limited powers, such as National Defense, Border patrol and coinage. Based upon the recent history, the federal government has failed in all of the above, and as such it is time for the federal courts to intervene and curb this **insane unprecedented expansion and limit the Federal government to the functions that they are mandated to perform, but have failed to perform so miserably**. This is the same red line in both the pleadings by Taitz and *State of Florida v Department of Health*.

Dr. Taitz has a contractual relationship with her patients. This contractual relationship is based on the premise that they are gainfully employed in their occupations, not overburdened by taxes and are able to pay for such services. In recent years, roughly starting from the Clinton administration, the US government and Congress seemed to favor campaign contributions and lobbying positions for their family members coming from the multinational corporations, more so than the wellbeing of their countrymen, as the Federal Government and Congress have largely

dismantled the whole system of tariffs, which protected American jobs and accounted for the difference in the cost of living in the US versus third World countries, like China, India and Philippines, which are using nearly slave labor. As a result American workers have lost their jobs by the millions, became unable to pay their mortgages,lost their homes by the millions and became destitute by the millions. As the federal and the state governments saw their revenues from income taxes dwindle, they came up with more tax schemes to make up for the deficit in the ever increasing budget. As a result the citizens of this nation found themselves in a vise, between a rock and a hard place, unable to pay for medical services provided by Dr. Taitz or other doctors or anybody else for that matter. H.R. 3590 represents the last straw in the **Interference with the existing contracts between Dr. Taitz and her patients and similarly existing contracts of the states**. Tax penalty for refusal to buy insurance represents unlawful capitation or direct tax in violation of Article1, Sections 2 and 9 of the Constitution of the United States.

While the individual states are asserting their rights as Sovereigns under the 10th amendment, Dr. Taitz is asserting her right as a Sovereign under the 9th amendment in the same claim that **H.R. 3590 violates both 9th and 10th amendments, violates the mandate given to the federal government by the sovereign free citizens and sovereign States**, that the federal government is overreaching and infringing upon such rights.

The penalty on citizens under **H.R. 3590 is abusive, as it does not punish any illegal behavior, but simply penalizes citizens for living and breathing**. This penalty will be increasing in future years, and it represents a

slippery slope as a precedent, whereby the Federal government will be allowed to penalize citizens for anything without any Constitutional mandate to do so. What if tomorrow the Federal government decides that for the common good and to reduce 115 trillion dollars total debt and obligations incurred by the Federal government, everyone will be required to participate in hard labor work projects and do those for free, and refusal to do so will be penalized? How is it called? Slavery!

At the end it might be a stroke of providence that this unconstitutional bill was signed into law by an ineligible President, and that these responsive pleadings were submitted for consideration only a few days before the day of the ancient holiday of Passover, which celebrates freedom from bondage and usurpation. It is time for the lawful and law abiding **free sovereign citizens of this Nation to have standing and representation alongside free sovereign States** to break from usurpation and bondage by the oppressive Federal government, which seized powers that were never granted to it by the US Constitution.

Wherefore: The undersigned Dr. Orly Taitz, ESQ respectfully prays for relief and granting of her motion of consolidation of cases 10-cv-151 RCL *Taitz v Obama with 3:10cv-91 State of Florida et al v United States Department of Health and Human services et al* , to be heard jointly by the Honorable Royce Lamberth, Chief Judge of US District court for the District of Columbia.

Exhibits

1. Affidavit of retired Deportation Officer with the Department of Homeland Security, private investigator John Sampson

Taitz v Obama Motion to Multidistrict Judicial Panel to consolidate 10-cv-151 DC with 3:10-cv_91 FLND 8

2. Affidavit of licensed private investigator, licensed with the department of Homeland Security Susan Daniels
3. Affidavit of retired Scotland Yard anti-organized crime officer and licensed private investigator, Neil Sankey
4. Affidavit of forensic document expert Sandra Ramsey Lines
