

Don't let this woman walk alone.

Attorney Orly Taitz is the most targeted lawyer in America as she leads the fight to expose Barack Obama's ineligibility to reside in the White House. Currently, Taitz is involved in several Obama-related lawsuits to stop Obamacare, to force Obama to prove his eligibility to serve as President ...and a lawsuit in the US District Court suing the Obamas over the purported use of several Social Security cards.

"I can't fight this fight alone. If WE are going to stop Obamacare, and if WE are going remove Obama, I need your help...and I need it NOW!"

I am fighting several urgent legal battles simultaneously. Each is very costly. Each, regardless of the outcome will impact you. It will either impact your life, and the lives of your family in a positive way or a negative way. So, really, these are our fights. If you want answers to these two questions: [a] where was Barack Obama born, and is he eligible to hold the office he holds, and [b] why would the President and First Lady of the United States want, or need, to use Social Security numbers that belong to other people—something commonly done in this country only by illegal aliens?

In her Quo Warranto filing (Civil Action: 10-15) in the US District Court for the District of Columbia before Presiding Judge Royce Lamberth, Orly Taitz presented affidavits from licensed private investigators that, according to national databases, Obama has used as many as 39 different Social Security numbers, none of which were issued in Hawaii (which, in itself, is evidence of foreign birth). For most of his life, Obama in Somerville, Massachusetts, Chicago, Illinois and currently in the White House, Obama uses SSN 042-XX-4425, which was issued in the State of Connecticut to an individual born in 1890. That person would be 120 years old if he was still alive. (Obama never lived in Connecticut and since he was born in 1961, he clearly is not 120 years old.

In one of several pleadings this multi-issue 145-page lawsuit, Taitz asked the court to order an evidentiary hearing on this particular issue for possible criminal prosecution of identity theft and Social Security fraud. It was this Sua Sponte pleading that led to attacks on Orly Taitz's children by operatives working on behalf of the Obama Administration—with or without his knowledge and/or consent. Obama's attorneys attempted to quash

this motion. On Thurs., April 15, Judge Lamberth denied the motion by Obama's lawyers to kill the lawsuit and, in particular, this section. (More information can be found at www.oryltaitzesq.com.)

Determined to force Obama to produce his original birth certificate (which he claimed in his book, "Dreams From My Father, he possesses), Dr. Orly Taitz, Esq. is running for Secretary of State of California because, in that position, she will be able to force Obama to produce his long form birth certificate before his name can appear on the California ballot in 2012, hopefully starting a domino affect that could have him removed from the ballot in over half of the States, effectively ending his bid for re-election.

Running as her opponent in the Republican primary is Damon Dunn. Dunn registered as a Republican when he moved to California from Florida. Per California law, §8001(a)(2), Dunn could not be affiliated with any other political party for 12 months prior to his declaration of candidacy. In March, 2009 Dunn registered as a Republican in Orange County. Question 16 on the registration card asks whether the voter

was previously registered, and to which party. Dunn swore on the registration that he was never registered to vote before and was never affiliated with the other party. On June 10, 2009, after registering in California, Dunn wrote to the supervisor of Elections in Florida and asked that his voter registration as a Democrat be removed from the Duval County voter database.

Dunn wants to be Secretary of State in California, and be in charge of vote fraud, when he intentionally misrepresented his own status when filing for office.

On Thurs., April 15, Judge Lamberth further ruled in Dr. Taitz's favor that she be allowed to join the lawsuit filed by the State of Florida against Obamacare. Lamberth ruled that in addition to possessing a doctorate of Jurisprudence, she is also a doctor of dental surgery. Dr. Taitz has filed similar petitions with other States that have sued the federal government over its right to impose a national healthcare system on the people of the United States.
