Christopher E. Strunk
593 Vanderbilt Avenue, #281
Brooklyn, NY 11238

Dear Mr. Strunk:

The following is in response to your request to the Department of State, dated November 22, 2008, requesting the release of material under the provisions of the Freedom of Information Act (5 U.S.C. § 552).

We have completed a search for records responsive to your request. The search resulted in the retrieval of six documents that are responsive to your request. After careful review of these documents, we have determined that all six documents may be released in full.

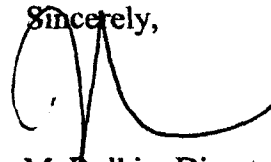

We did not locate a 1965 passport application referenced in an application for amendment of passport that is included in the released documents. Many passport applications and other non-vital records from that period were destroyed during the 1980s in accordance with guidance from the General Services Administration.

Passport records typically consist of applications for United States passports and supporting evidence of United States citizenship. Passport records do not include evidence of travel such as entrance/exit stamps, visas, residence permits, etc., since this information is entered into the passport book after issuance.

This completes the processing of your request.

Sincerely,

A handwritten signature in black ink, appearing to be 'Jonathan M. Kolbin', written over the word 'Sincerely,'.

Office of Legal Affairs and Law Enforcement Liaison

RM 10201.030 Structure of the Social Security Number (SSN)

The SSN consists of nine digits, separated into three groups by hyphens (i.e., 000-00-0000). This section contains a description of what each group of numbers represented in the Social Security Number (SSN), prior to June 25, 2011. Beginning June 25, 2011 forward, this structure is no longer of any significance.

NOTE: Information about the structure of the SSN is not restricted. Field offices (FOs) may respond to inquiries about the significance of the SSN structure and State allocations of area numbers.

A. SSN area number

Prior to June 25, 2011, the first three digits of the SSN represented the area number. The area number reflected the State as derived from the ZIP Code in the mailing address the number holder provided on the application for an original SSN card.

B. SSN group number

Prior to June 25, 2011, the middle two digits of the SSN represented the group number. The group number ranged from 01 to 99. For administrative reasons, we assigned group numbers in the following sequence:

1. odd numbers from 01 through 09;
2. even numbers from 10 through 98;
3. even numbers from 02 through 08; and finally,
4. odd numbers 11 through 99.

C. SSN serial number

Prior to June 25, 2011, the last four digits of the SSN represented the serial number. The serial number represents a straight numerical series of numbers from 0001-9999 within each group.

Affidavit of Linda Jordan

I, Linda Jordan, am over 18 years of age, I am a resident of King County Washington and have personal knowledge of the facts described below:

1. I have extensively researched the birth record document that Barrack Obama posted on the White House Website on April 27th, 2011.
2. In 2008 Obama posted, on his campaign website fightthesmears.com, what he said was a copy of his short form Certification of Live Birth from the State of Hawaii. (<http://www.fightthesmears.com/articles/5/birthcertificate>)
3. Obama re-posted that same document on the White House website on April 25th, 2011. A short-form Certification of Live Birth from Hawaii is a computer generated document, or abstract, which contains some of the information found on the original long-form Certificate of Live Birth which is not a computer generated document. (<http://hawaii.gov/health/vital-records/obama.html>)
4. A computer generated, short-form Certification of Live Birth (COLB) issued in Hawaii is not acceptable as conclusive proof of your birth or birth place. Under Hawaiian law in 1961, the reported year of Obama's birth, a child could be born anywhere in the world and, after returning to Hawaii, the mother could register the birth in Hawaii, in a number of different ways and receive a COLB. Information provided by the mother did not have to be independently verified. See links for relevant Hawaii law. http://www.capitol.hawaii.gov/hrscurrent/Vol06_Ch0321-0344/HRS0338/HRS_0338-0017_0008.htm
http://www.americanthinker.com/2008/11/why_the_barack_obama_birth_cer.html
5. The Hawaii Department of Home Lands until very recently required the original Certificate of Live Birth when filing an application. It is still preferred today. From their web site: "The Department of Hawaiian Home Lands accepts both Certificates of Live Birth (original birth certificate) and Certifications of Live Birth because they are official government records documenting an individual's birth. The Certificate of Live Birth generally has more information which is useful for genealogical purposes as compared to the Certification of Live Birth which is a computer-generated printout that provides specific details of a person's birth.

Although original birth certificates (Certificates of Live Birth) are preferred for their greater detail....” (<http://hawaii.gov/dhhl/applicants/appforms/applyhhl>)

6. On April 27th, 2011, Barack Obama held a Press Conference announcing that he had attained what he said was a photo copy of his original, long-form Certificate of Live Birth and had posted it on the White House Website.

(http://www.whitehouse.gov/sites/default/files/rss_viewer/birth-certificate-long-form.pdf)

7. The posted document is clearly typewritten, or a facsimile of typewriting, not “written” or “half typed, half handwritten”.

(<http://www.whitehouse.gov/blog/2011/04/27/president-obamas-long-form-birth-certificate>)

8. The Governor of Hawaii, Neil Abercrombie, told the Honolulu Star Advisor that his research showed that Obama’s original Long-Form Certificate of Live Birth was handwritten. “Q: You stirred up quite a controversy with your comments regarding birthers and your plans to release more information regarding President Barack Obama's birth certificate. How is that coming?

A: (Abercrombie said there is a recording of the birth in the State Archives and he wants to use that.) It was actually written I am told, this is what our investigation is showing, it actually exists in the archives, written down.”

(http://www.staradvertiser.com/editorials/20110118_This_is_a_collaborative_endeavor.html)

9. In an interview with NBC News, Michal Isikoff, on April 11, 2011, Dr. Chiyome Fukino, the former director of Hawaii's Department of Health stated that, “She found [Obama’s] original birth record, properly numbered, half typed and half handwritten, and signed by the doctor who delivered Obama, located in the [Hawaii DOH] files.” (http://www.msnbc.msn.com/id/42519951/ns/politics-more_politics/t/ex-hawaii-official-denounces-ludicrous-birther-claims/#.TwyMkqVlrKg)

10. Obama and White House General Counsel Robert Bauer made public statements at the press conference on April 27, 2011, attesting to the steps they took in order to attain two certified photocopies, from the Hawaii Department of

Health, of Obama's original long-form Certificate of Live Birth. Bauer explained, in detail, the difference between a short-form computer generated Certification of Live Birth, an abstract if you will, and what they say they revealed on April 27, 2011, a photo copy of Obama's original, long-form Certificate of Live Birth. Bauer stated that this 1961 original Certificate of Live Birth was kept in a "bound book" at the Hawaii DOH. Bauer explained that Obama's lawyer, Judith Corley, flew to Hawaii and brought the documents back to the United States. At the same press conference Dan Pfeiffer told the gathered Press, "What you have in front of you now is a packet of papers that includes the President's long-form birth certificate from the state of Hawaii, the original birth certificate that the President requested and we posted online in 2008, and then the correspondence between the President's counsel and the Hawaii State Department of Health that led to the release of those documents." (<http://www.whitehouse.gov/the-press-office/2011/04/27/press-gaggle-press-secretary-jay-carney-4272011>)

11. These documents were posted on the White House Website on April 27, 2011, as evidence of the steps Obama took to attain copies of his original long-form Certificate of Live Birth;

- a. A letter to Hawaii Director of Health Loretta Fuddy, dated April 22, 2011, wherein Obama asks for "two certified copies of my original Certificate of Live Birth".
- b. A letter from Obama's lawyer, Judith Corley, dated April 22, 2011, to Loretta Fuddy stating that she understands that it is the Department's policy and practice "to only provide the "short-form" version when a certified copy of a birth certificate is requested" but that she is requesting "a waiver of the Department of Health's policy, so that my client can obtain two certified copies of his original, "long form" birth certificate".
- c. An April 25th, 2011 letter from Loretta Fuddy who responds to Obama. "I have the legal authority to approve the process by which copies of such records are made....I am making an exception to current departmental policy which is to issue a computer generated certified copy." The exception to the current department policy to only issue a computer generated short-form Certification of Live Birth is to make photo copies of the original long form Certificate of Live Birth.

Fuddy continues, “Enclosed please find two certified copies of your original Certificate of Live Birth. I have witnessed the copying of the certificate and attest to the authenticity of these copies.”

12. On April 27th, 2011 the Governor of Hawaii, Neil Abercrombie, put out a press release supporting Fuddy’s actions: “In 2001, the Hawaii State Department of Health began computer-generating vital statistics records. Since then, its longstanding policy and practice has been to issue and provide only the computer-generated Certifications of Live Birth, and to not produce photocopies of actual records to fulfill requests for certified copies of certificates.Director Fuddy made an exception for President Obama by issuing copies of the original birth certificate...” (<http://hawaii.gov/gov/newsroom/press-releases/hawaii-health-department-grants-president-obamas-request-for-certified-copies-of-long-form-birth-certificate>)

13. In the same Press Release Hawaii Attorney General David Louie stated that, “The exception made in this case, to provide President Obama with a copy of his original Certificate of Live Birth, was done according to the letter of the law.”

14. The document Obama posted on April 27th, 2011 on the White House Website is a computer generated document with multiple layers (<http://www.scribd.com/doc/58721290/Obama-Birth-Certificate-Final-Affidavit-of-Douglas-Vogt-June-24-2011-Total-of-9-items-now-listed>).

15. I contacted the Hawaii Department of health for an explanation of what their “computer-generated” certified birth record is and it was confirmed that a computer generated birth record, from Hawaii, originates when birth data from the original document is entered in to the computer and then an abstract of the original birth record is printed from the computer and certified. The computer generated document is also called a Certification of Live Birth not a Certificate of Live Birth which is the reserved title for the original, long-form, birth certificate. This means that the computer generated document Obama posted on April 27, 2011, that has multiple layers and is titled a Certificate of Live Birth, can not be a scanned photocopy of Obama’s original, long-form Certificate of Live Birth. Revised and Expanded Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct

My Credentials

I have a unique background for analyzing this document. I owned a typesetting company (Nova Typesetting) for 11 years so I know type and form design very well. I currently own Archive Index Systems since 1993, which sells all types of document scanners worldwide and also developed document imaging software (TheRepository). I know how the scanners work and their capabilities. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, so I know their procedures with imaging systems and everything about the design of such programs. This will be important in understanding what has happened with Obama's Certificate of Live Birth. I also have a good working knowledge of Adobe Photoshop and Illustrator.

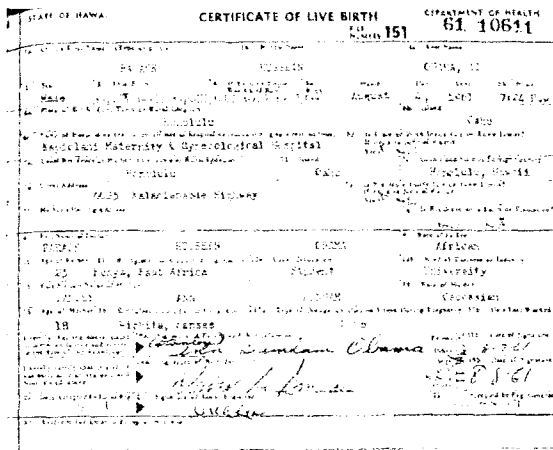

Figure 1. Tiff image of the Obama's Certificate of Live Birth dated August 8, 1961.

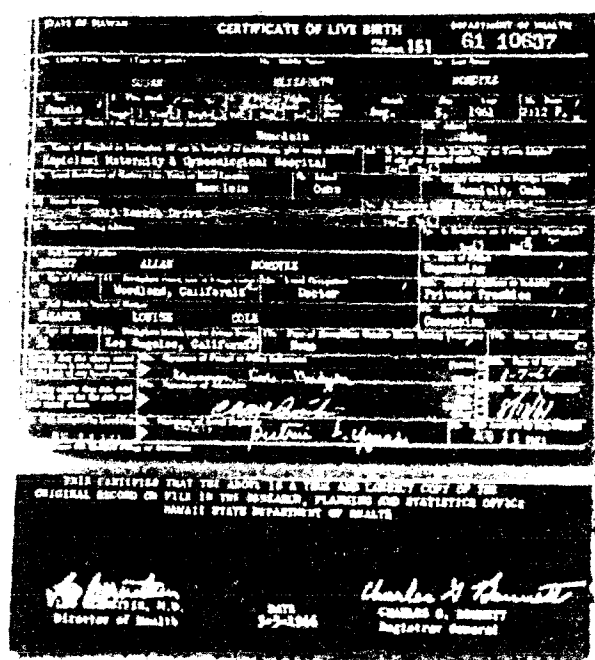

Figure 2. The microfilmed Certificate of Live Birth of Susan Nordyke dated August 11, 1961.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department, but this form is a created forgery. Ironically the country has a lot to thank Mr. Donald Trump and Mr. Jerome Corsi and his new book, because they made President Obama's birth certificate a public issue which in turn forced the White House to produce this forgery to answer both of them. The Obama Certificate of Live Birth Long Form is a forgery for the following reasons.

1. Curved and non-curved type. The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side) is produced by scanning in grayscale. It also means that the county employee who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all, and again the line just below drops down 2 pixels, but not the name *Kapiolani*.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flattened the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early 1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design I think

is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

2. There is a white haloing around all the type on the form. Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. This means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

Figure 5. Obama's form

Figure 6. Grayscale.

Figure 7. Color image.

The next question would be: What would have caused the haloing effect? We know that all the original Certificates of Live Birth (COLB) were microfilmed because we can see the Nordyke Certificate (Figure 2) was microfilmed. Then some time after 2004 the paper original copies, in post binder books, were scanned using a commercial document scanner with a flatbed, scanned as grayscale images. The forger was working with two types of images. He/she may have used images printed from the microfilmed copy and then scanned the printout in grayscale. At that point the forger would have to invert the image so as to have a white background, black type. Figure 10 is an example of an inverted image of Figure 2. The result would be like Figure 9 but a whiter background. The image I am working with in Figure 10 is only 94 DPI but the forger was working with much higher resolution (≥ 240 dpi). At that point the forger converted the grayscale to a binary image and placed it onto the background form image. The problem was that there were still image values for the pixels around the placed type so when he/she placed the type image over the

background and instructed the program to bring the type "forward" it blanked out the background image, hence the halloing effect around the type.

3. The Obama Certificate is loaded with both binary and grayscale letters which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 11 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, *(H* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (≤ 200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in. This may also further indicate that forger took some of the type images from the microfilmed copies.

**Hospital or Institution (If not in hospital c
 lani Maternity & Gyneco**

Figure 11. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a. his name *BARACK*. For some reason the "R" is a grayscale image and the rest is binary (Figure 13). That means the "R" was originally on the form and the rest was not until it was added.

The question again is: Why did the forger leave some grayscale type images in the form and not just erase the whole form? The answer is that he/she needed the grayscale images to re-establish the baseline of the type for the superimposed binary type. This also told me that the forger was an experienced graphic artist.

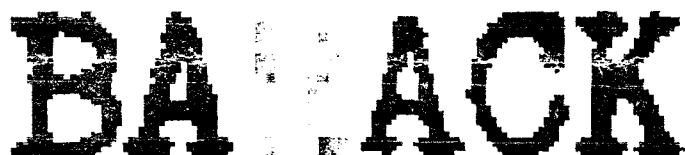

Figure 13. Another example of grayscale and binary on the same line.

Another example is the Certificate number itself (Figure 14). The last "1" on the form is a grayscale image but the rest of the numbers are not. This is just another example of a cut and paste job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7e, 11, 13, 16, 18a.

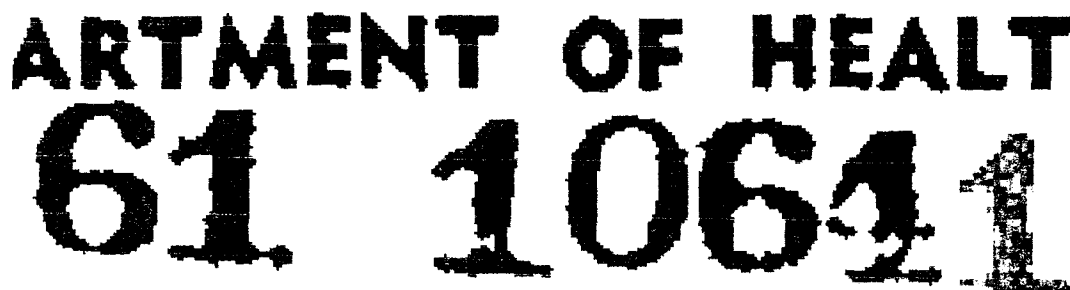

Figure 14. The last "1" is grayscale, but the rest are binary.

4. The Sequential Number is a fraud. I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar supposedly accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number "61 10641." Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is "61 10637." Susan Nordyke was a twin and her sister's Certificate number is 61 10638. Keep in mind there would be only one bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number. Obama's Certificate would have most likely been mailed on the following Monday, the 7th and received by the Clerk Tuesday the 8th. Susan Nordyke and her sisters' Certificates looks like they were mailed sometime earlier that week and not accepted until the 11th but Susan has a Certificate 4 numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in 3 days later.

As stated in #3 the last "1" on the form is a grayscale image but the rest of the numbers are not (Figure 14), again irrefutable proof that the Certificate number is a composite of two numbers and hence a forgery. This forgery comes under a separate offense and carries with it 5-years in prison [see Appendix D: Title 19, Ch.47, Sec. 1028(d)1].

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, searched the database for someone close to the actual birth date of Obama and found someone near the 4th of August, if in fact he was born on the 4th and we should not assume that at all. Obama may have chosen the 4th of August because they had a baby who died close to his date of birth. The clerk may have crossed referenced the death database to find someone who had died and had a birth date close to Obama's. It has been reported that an infant girl named Virginia Sunahara was born on August 4, 1961 at Wahiawa Hospital in Wahiawa, Oahu, HI who died on August 5, 1961 at the Kapiolani Women and Children's Medical Center, due to complications. This happens to coincide with date of birth and birthplace of the Nordyke twins. We could make two assuming here. The first would be that the Wahiawa Hospital would have filled the COLB form as customary and mailed it to the County Health Department and the Kapiolani Medical Center would have filled out the death certificate. The other less probable would be that her medical records were transferred to Kapiolani Hospital and they would produce the birth certificate and later the death certificate was later included in the group of birth certificates that contained the Nordyke twins.

The Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. We can conclude from this that more than one person was involved in the Hawaii Department of Health to assemble the different components that were used and also do the database searches to find the right Certificates to create the fraudulent Certificate of Live Birth and finally someone who signed the fraudulent certificate. I believe that after all the components were assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. That graphic artist could be located anywhere. In short this was a multi-state conspiracy to defraud the United States.

5. Two different colors and font sizes in Form box 22 and 20 Date Accepted by Reg. General.

What is very revealing about this box and date entry is there are two different colors on both lines where there should be no color at all. Both lines were scanned using binary mode, but I see two different colors; (Figure 15). What I think this is showing us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19 1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode and what they copied from had a color value for some reason unless they put a color value on it. ~~Finally the font size of the rubber stamp in box 22 is larger than the stamp used in box 20. This is unlikely because the same rubber stamp would have been used, at the same time, by the same registrar to stamp the dates in both places and sign the form in box 21. Since we have two size letters and numbers, this means these elements were taken from two separate forms that may have been years apart using different rubber stamps.~~

Ray Leo Day

Figure 15. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 16 again shows that the date has two different colors. The "AUG -8 196" is in dark green (R=87, G=111, B=87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word "None". The "Non" is in dark green.

Figure 16. Another example of two colors on the same line.

6. The official seal is not part of the Certificate of Live Birth. The Hawaiian law (Section 11-1-2 Seal of the Department of Health) states:

- a) The official seal of the department of health shall be circular in shape, **two and one-fourth inches in diameter**. At the curve on the top portion there shall be the words "DEPARTMENT OF HEALTH" and at the curve on the bottom portion there shall be the words "STATE OF HAWAII." At the curve on each side portion shall be a star. In the center of the seal shall be the Caduceus, a winged rod entwined with two serpents, which has long been recognized as a universal symbol of medicine. The Caduceus shall be encircled by an indentation, which shall separate it from the words "DEPARTMENT OF HEALTH" and "STATE OF HAWAII."

Figure 17, Seal on Obamas Short Form

Figure 18: Nordyke seal from 1966

Figure 19: Obama's COLB long form Apr.2011

The first Certificate of Live Birth Obama the candidate produced in June of 2008 was the "Short Form" of the COLB. It had the Department of Health's seal embossed on it (Figure 17) appearing on it about 3" from the bottom of the 11 inch paper. That told me the Health Department is using an electric embosser, which applies ample pressure to leave a clearly visible embossment. Hand seal embossers have only 1¼ inch or less, clearance for a 2¼ inch seal, from the edge of the paper. The Health Department seal does not appear obvious on the Obama COLB. A good embossment will

distort the type and lines on a form and is clearly visible (Figure 21). Even on the Nordyke Certificate (Figure 18) in spite of it being an inverted image from a microfilmed image, it is clearly seen. Figure 19 shows Obama's seal on the COLB presented on April 27, 2011 is visible only because a color filter was used to see it, otherwise it completely disappears in the design of the security paper (Figure 20).

Figure 20: Seal on Obama's COLB From April 27, 2011. Figure 21: Hand stamped seal from an original COLB from 1962.

The official seal on the Obama COLB is a second or even third generation image from another form. The seal embossing did not distort the lines or type on the form and it most likely was never part of his Certificate. Yet another indication this Certificate of Live Birth is an obvious forgery.

7. The hand stamped certification from the current registrar is a forged stamped notice.

The Department of health has the right to produce a legal copy of the original Certificate of Live Birth to people who have the appropriate right to receive one. The Clerk in the office would search the document imaging database and retrieve the correct Certificate. The Clerk would then print out the Tiff image on the green security paper. They would then take a rubber stand that states the following: I CERTIFY THIS IS A TRUE COPY OR ABSTRACT OF THE RECORD ON FILE IN THE HAWAII STATE DEPARTMENT OF HEALTH. Then below this notice would be the likeness of the State Registrar's signature, in this case it was Alvin T. Onaka, Ph.D. Then the clerk would stamp the date to the left of the certification. See Figure 22 for a Certificate done one month before the Obama's April 25, 2011 Certificate. Please note that since it is a hand stamp the certificate stamp is skewed up on the right-hand side.

Figure 22. Registrar stamp on a persons Certificate done March 2011.

Now let us look at the Obama's Certificate (Figure 23) supposedly done on April 25, 2011. Notice the registrars' rubber stamp has an error on the word "the" which reads "IXE," but this error does not show up on the same rubber stamp used one month before. In Figure 24 you will see an enlargement of the word. You will notice that the "X" had been created by the graphic artist by filling in pixels so it appears like an "X" but it really is not. Also notice that the whole stamp is too straight on the form. The red lines drawn under two of the lines of type are aligned with the pixels. The stamp rises only two pixels over 3". My conclusion is that the whole stamp was placed there by

the graphic artist to look as straight as possible. The only problem is that no hand stamped notice like this would be placed that perfect on the page.

APR 25 2011

Figure 23. Obama's Registrar stamp with the errors on it,

Figure 24. Enlargement of the "TXE."

Other investigators have mentioned what looks like an italic "E" under the capital A in Alvin. In Figure 22 the same artifact does not appear. We have to assume either the artifact was already on the security image the forger used, and forgot to erase it, or it was placed there deliberately for some reason that we don't know yet.

8. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. Figure 25 shows the layer that contains most of the Typewriter and form text.

I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

I also opened up the White House PDF file in WordPad so I could see the codes and headers in the file. There I discovered the evidence for the 9 layers embedded in the code (see below). The big surprise I discovered was that the file was finished or created on April 27, 2011 and the copy I had downloaded from the White House web site was modified on April 28, 2011 at 9:58 AM, the day after the news conference. The whole White House story that the President had his Seattle based lawyer fly to Hawaii and pick up a signed and stamped paper Certificate of Live Birth and fly directly to Washington DC, is obviously not the document the public has been shown. In other words the whole story is not true. The Press Secretary proudly stated that he personally put up the PDF on the White House web site and that's probably all they got was the PDF by e-mail.

This letter may have been accompanied by a CD with the files and images I worked from and the screen shots displayed in this report. I have also included MP4 files of the three videos listed below. You may freely use these images and text for your own report or public notice.

Some of the examples of the layering can be found on the following YouTube web sites. This one shows the layering in Illustrator:

<http://www.youtube.com/watch?v=3D3NyxXNvX8&feature=related>

This one shows that letter "B" in box 1e and 8 are exactly the same. An example of cut and paste.

Another good explanation of layering showing at least 9 layers.

The original PDF is on the enclosed CD with this report and you can also download it from the web site: <http://www.war.com/born/Obama/Certificate%20Forgery.html>. The discovering of nine layers in the PDF image didn't matter for my analysis 1 through 7 because I was able to export the image as a TIFF (18.35 MB) out of that PDF using my Adobe Standard software. So I was working from a flattened image and was able to find all that I did, in other words the layers were irrelevant to me but was just further proof that the Obama's Certificate of Live Birth is a forgery.

Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct

My Credentials

I have a unique background for analyzing this document. I owned a typesetting company for 11 years so I know type and form design very well. I currently own Archive Index Systems since 1993, which sells all types of document scanners worldwide and also developed document imaging software (TheRepository). I know how the scanners work. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, so I know their procedures with imaging systems and everything about the design of such programs. This will be important in understanding what has happened with Obama's Certificate of Live Birth.

Figure 1. Tiff image of the Obama's Certificate of Live Birth dated August 8, 1961, presented on TV 4/27/2011.

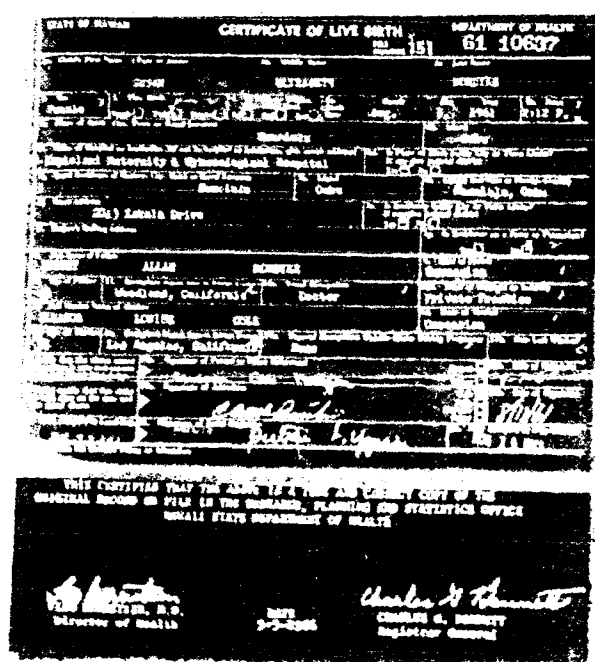

Figure 2. Another Persons microfilmed Certificate of Live Birth dated August 11, 1961.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department. The form is a created forgery for the following reasons.

1. Curved and non-curved type. The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side). It also means that the county employees who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all. And again the line just below drops down 2 pixels, but not the name *Kapiolani*.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

The conclusion you must come to is that the typed in form was superimposed over an existing original *Certificate of Live Birth* form from the county. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flattened the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early

1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

2. **There is a white haloing around all the type on the form.** Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. That means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

Figure 8. Binary image.

Figure 9. An enlarged version of Figure 6 showing grayscale type.

3. **The Obama Certificate is loaded with both binary and grayscale letters** which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 10 and Figure 4 give one example. You will notice that the *H* and *al* in Hospital, *I* in Institution, *H* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (≤ 200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in.

**Hospital or Institution (If not in hospital c

Figure 10. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a, his name *BARACK*. For some reason the "R" is a grayscale image and the rest is binary (Figure 11). That means the "R" was originally on the form and the rest was not until it was added.

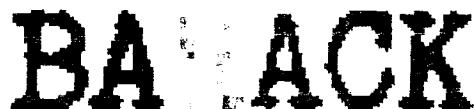

Figure 11. Another example of grayscale and binary on the same line.

Another example is the Certificate number itself (Figure 12). The last "1" on the form is a grayscale image but the rest of the numbers are not. This is just another example of a cut and past job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7c, 11, 13, 16, 18a.

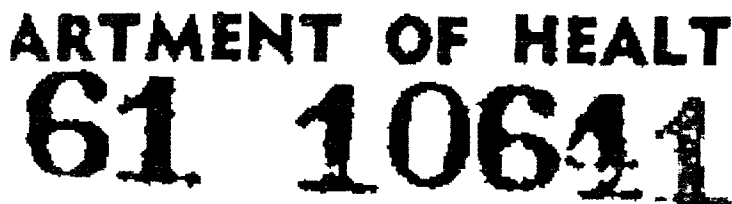

Figure 12. The last "1" is grayscale, but the rest are binary.

4. The Sequential Number is a fraud. I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number "61 10641." Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is "61 10637." Keep in mind there would be only one bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number. Obama's Certificate would have most likely been mailed on the following Monday, the 7th and received by the Clerk Tuesday the 8th. Susan Nordyke's Certificate looks like it was mailed sometime earlier that week and not accepted until the 11th but she has a Certificate 4 numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in 3 days later.

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, search the database for someone close to the actual birth date of Obama and found someone near the 4th of August. They may have crossed referenced the death database to find someone who had died and had a birth date close to Obama's. If you remember, the Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. 2. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. 3. More than one person is involved in the Hawaii Department of Health to assemble the different components that were used, do the database searches to find the right Certificates to create President Obama's fraudulent Certificate of Live Birth and finally sign the fraudulent certificate. I believe that after all the components were

assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. In short this was a conspiracy to defraud the United States.

5. Two different colors and font sizes in Form box 22 and 20 Date Accepted by Reg. General.

What is very revealing about this box and date entry is there are two different colors on both lines. Both lines were scanned using binary mode, but I see two different colors (Figure 13). What I think this is showing us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19 1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode. ~~Finally the Font size of the rubber stamp in box 22 is larger than the stamp used in box 20. This is unlikely because the same rubber stamp would have been used by the same registrar to stamp the dates in both places and sign the form in box 21. Since we have two size letters and numbers, that means these elements were taken from two separate forms that may have been years apart using different rubber stamps.~~

Doug York

Figure 13. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 14 again shows that the date has two different colors. The "AUG -8 196" is in dark green (R=87, G=111, B=87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word "None". The "Non" is in dark green.

Figure 14. Another example of two colors on the same line.

6. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

A Rebuttal to the Discovery of the Multi Layers Found in the PDF File.

The only rebuttal to the nine layers discovered in the PDF file released by the White House was a statement from a Canadian graphic artists from Quebec by the name of Jean-Claude Tremblay on April 29. It was reported by Fox News an on their web site at:

He tries to excuse the multi-layers as merely an artifact of an OCR (Optical Character Recognition) engine and then saved as a PDF. There are two major reason he is wrong and I know from his statement he knows nothing about OCR engines and how they work and their file structure. First of all the Obama PDF certificate was supposed to have come directly from the Health Departments office. As stated before, the records they have would have absolutely no reason to be OCRed and if they were asked to give the customer a PDF image it would be from their existing TIFF image stored in their document imaging program on the server. The program would have done no OCR processing at that time.

My qualifications on OCR programs are considerable. Our own document imaging program, TheRepository, has an OCR option from Expervision that is called TypeReader. We integrated TypeReader into our program but to do this we had to sign a non-disclosure statement with them and then we got their Took Kit and API. When an OCR program saves a file as a searchable PDF, the file contains three main files within it. The first file is an image file, usually a compressed Group4 TIFF. The second file is a ASCII text file and the last file is a matrix file that contains the X and Y coordinates of all the words in the document. The Starting point for the image file and the matrix file is usually the upper right-left hand corner of the image measured in pixels. The text file and matrix files would never be seen as separate layers and there is certainly no nine layers. The three files would be in a PDF "wrapper" and that's all. All OCR programs work on the same principle.

Conclusion

The Certificate of Live Birth Obama presented on television on Aril 27, 2011 is a forgery.

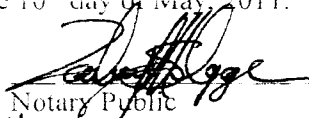

In witness whereof he has hereto set his hand and seal.

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.
2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.
3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. The company was formed in the State of Colorado on January 2, 2009 and is in good standing with the Secretary of State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.
4. I have personal knowledge of all of the facts and circumstances described herein below and will testify in open court to all of the same.
5. On, or about, November 16, 2009, Orly Taitz, the attorney who is prosecuting the above captioned matter, requested that I access LocatePlus, a commercial database that I subscribe to,

which is located in the State of Massachusetts, and with whom I have a user agreement, and requested that I obtain any and all legally available information relating to U.S. Social Security number 042-68-4425.

6. On, or about, November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from LocatePlus, any and all legally obtainable information relating to SSN 042-68-4425.

7. As a result of this inquiry, I came to learn that Plaintiff Barrack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with LocatePlus. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through LocatePlus, as well as a possible criminal violation of United States law, and possible fraud.

9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN 042-68-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. Based upon information and belief, Plaintiff Barrack Hussein Obama has never had a direct connection with the State of Connecticut and has never claimed residency in the State of Connecticut.

11. I am a recently retired Senior Deportation Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having retired on August 30, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at FLETC in Artesia, New Mexico and elsewhere during my 27 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barrack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Jim Russo", Operations Manager for LocatePlus, 100 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN 042-68-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

20. Despite all of this, as of March 8, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

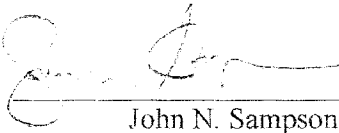

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 42 United States Code, Section 408(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment of up to five years, or both.

22. I swear under the penalties of perjury that all the facts stated and circumstances described above are true and correct to the best of my knowledge and belief.

23. I have not been compensated for making this affidavit.

Further, Affiant sayeth not.

Signed and executed in Aurora, Colorado on this 8 day of March, 2010.

During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Jim Russo", Operations Manager for LocatePlus, 100 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN 042-68-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

20. Despite all of this, as of March 8, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

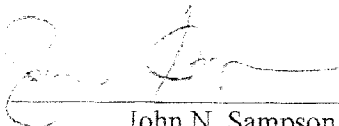

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 42 United States Code, Section 408(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment of up to five years, or both.

22. I swear under the penalties of perjury that all the facts stated and circumstances described above are true and correct to the best of my knowledge and belief.

23. I have not been compensated for making this affidavit.

Further, Affiant sayeth not

Civil Action:

Affidavit of John N. Sampson

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.
2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.
3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. The company was formed in the State of Colorado on January 2, 2009 and is in good standing with the Secretary of State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.
4. I have personal knowledge of all of the facts and circumstances described herein below and will testify in open court to all of the same.
5. On, or about, November 16, 2009, Orly Taitz, the attorney who is prosecuting the above captioned matter, requested that I access LocatePlus, a commercial database that I subscribe to,

which is located in the State of Massachusetts, and with whom I have a user agreement, and requested that I obtain any and all legally available information relating to U.S. Social Security number 042-68-4425.

6. On, or about, November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from LocatePlus, any and all legally obtainable information relating to SSN 042-68-4425.

7. As a result of this inquiry, I came to learn that Plaintiff Barrack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with LocatePlus. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through LocatePlus, as well as a possible criminal violation of United States law, and possible fraud.

9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN 042-68-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. Based upon information and belief, Plaintiff Barrack Hussein Obama has never had a direct connection with the State of Connecticut and has never claimed residency in the State of Connecticut.

11. I am a recently retired Senior Deportation Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having retired on August 30, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at FLETC in Artesia, New Mexico and elsewhere during my 27 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barrack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Jim Russo", Operations Manager for LocatePlus, 100 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN 042-68-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

We have completed the review of all documents responsive to your Freedom of Information Act (FOIA) request of March 1, 2009, for records concerning individuals you have identified as "Stanley Ann Obama, aka Stanley Ann Dunham, aka Stanley Ann Soetoro" and "Lolo Soetoro."

We have identified 111 pages of documents responsive to your request. Enclosed are 83 pages which are released to you in their entirety, and six pages released in part. We are withholding seven pages in full. In our review of the aforementioned documents, we have determined that the redacted portions contain no reasonable segregable, non-exempt information. We have referred 16 pages to the U.S. Department of State for their direct response to you. All responsive information known to exist is hereby released to you with the exception of those portions that are exempt from disclosure pursuant to FOIA exemptions (b)(3) (as applied in conjunction with subsection 6103(a) of the Internal Revenue Code (IRC)) and (b)(6). See 5 U.S.C. §§ 552(b)(3) and -(b)(6); IRC § 6103(a).

The following exemptions are applicable:

Freedom of Information Act, 5 U.S.C. § 552(b)(3) in conjunction with IRC § 6103(a)

Exemption (b)(3) provides protection for information specifically exempted from disclosure by statute, provided that such statute requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or establishes particular criteria for withholding or refers to particular types of matter to be withheld. Exemption (b)(3) is being asserted in conjunction with subsection 6103(a) of the Internal Revenue Code (IRC § 6103(a)).

Subsection 6103(a) of the Internal Revenue Code states, generally, that no officer or employee of the United States shall disclose any "return" or "return information" (as those terms are defined by subsections 6103(b)(1) and -(2)(A), respectively) obtained by him in any manner in connection with his service as such an officer or employee or otherwise or under the provisions of section 6103, except as authorized by the Internal Revenue Code. Subsection 6103(a) leaves the deciding agency official no alternative or discretion on the issue.

FOIA exemption (b)(3) is being asserted in conjunction with IRC § 6103(a) to protect certain returns and return information found in a record responsive to your FOIA request. After meticulous analysis and careful consideration, none of the exceptions to this strict statutory prohibition against disclosure was found to be applicable to your request. Accordingly, the USCIS has no discretion on the issue, and must deny your request for access to the same.

Freedom of Information Act 5 U.S.C. § 552 (b)(6)

Exemption (b)(6) permits the government to withhold all information about individuals in personnel, medical and similar files where the disclosure of such information would constitute a clearly unwarranted invasion of personal privacy.

Records responsive to your request were located in a Privacy Act protected system of records referred to as the *Alien File/Central Index System (A-file/CIS – DHS/CIS 001)*. See 72 Fed. Reg. 1755 (Tuesday January 16, 2007). This system of records contains information regarding aliens who have sought benefits under the immigration and nationality laws of this country; these records are collectively referred to as alien registration files or “A-files.” A-files are universally recognized as being similar in character to personnel and medical records (inasmuch as they contain some of the most sensitive and intimate details associated with aliens who have sought benefits under U.S. immigration laws) and, thus, are entitled to the protection from disclosure afforded under FOIA exemption (b)(6).

In deciding the disclosure disposition of those documents containing personal details lifted from the lives of private individuals, the documents were closely scrutinized in an effort to identify any public benefit to be gained from their disclosure. It was ultimately determined that no discernable public gain would be achieved from the disclosure of the information subject to this review. On the other hand, the potential private harm that could be suffered as a result of the release of this information was found not only to be tangible, but also significant and reasonably probable. In the case of these documents, the potential private harm stemming from their release was determined to clearly outweigh the total absence of any public benefit to be gained from such disclosure. Consistent with this analysis, it has been concluded that the release of the subject information would constitute a clearly unwarranted invasion of the personal privacy of the individual(s) to whom it pertains. The USCIS, therefore, must deny your request for access to this information under the authority of FOIA exemption (b)(6).

The enclosed record consists of the best reproducible copies available.

Sincerely,
T. Diane Cejka
Director

Dear Mr. O'Shea,

As I informed you by telephone, the American Embassy is refusing my husband an extension of reentry permit on the grounds that he filed a 1973 non-resident tax return. This erroneous information is based on a letter sent by your office (item 1 enclosed).

My husband, prior to departing for Djakarta on business, filed a 1973 resident tax return. Enclosed is a copy of that return (item 2). The fact that it is a resident form is clearly stated at the top of the second page. In addition I have visited the downtown tax office and had them verify that it was a resident form. Non-resident forms have a special N.R. initial in the upper left-hand corner. Lastly I have enclosed copies of my husband's 1973 wage and tax statement, should you need them.

If you could clear up this mistake as soon as possible by notifying the U.S. Embassy in Djakarta it would be greatly appreciated. My husband hopes to return to Honolulu next month. If you have made a decision on the matter I would also appreciate a call from you or your secretary. You can reach me at home at 941-9958. Thank you so much for your trouble.

Dear Sir:

In connection with your application for extension of reentry permit, the following is brought to your attention:

After you were admitted as a lawful permanent resident of the United States under the immigration laws, and after you established a residence in this country, you elected to claim nonresident status to qualify for benefits under the Federal income tax laws. Such claim is inconsistent with a continuance of status as a lawful permanent resident under the immigration laws.

The purpose of this letter is to give you an opportunity to submit, if you wish to do so, any explanation or evidence before a decision is made on your application. Any submission you may wish to make must be received within 30 days of the date of this letter. If no submission is received from you within the time allowed, the decision on your application will be made on the basis of the evidence of record.

Dear Sir:

Further reference is made to your application for issuance of permit to reenter the United States.

In your letter of March 11, you state that you claimed non-resident status for Federal income tax purposes because you were unaware that you had broken any regulations.

If it was not your intention to abandon your U.S. residence or immigration status, you may file a correct Form 1040 with the Internal Revenue Service for each year that you claimed to be a nonresident for Federal income tax purposes. You should also submit to this office a copy of each such Form 1040, together with your declaration that the original was filed with the Internal Revenue Service, and that you had no intention of abandoning your U.S. residence or immigration status.

The documents described above are requested in order to substantiate your statement that you acted under erroneous impression. If not received within 30 days from the date of this letter, the decision on your application will be made on the basis of the evidence of record.

Dear Sir,

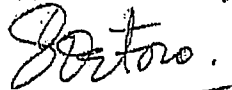

Thank you for your letter dated February 28, 1974 regarding the matter of my permanent resident status. I was completely unaware that I had contravened any Federal law. My only explanation is that when I filled out my tax form for 1973, I enlisted the help of a friend. He worked for a bank and was aware of my status thus I trusted in his knowledge of the tax laws.

In order to clear this matter up could you please inform me as to the action I must take. If I have to pay any back-taxes naturally I would be under an obligation to do so.

Please accept as the truth that I was completely unaware that I had broken any regulations.

I sincerely hope that this incident will not jeopardise my chances of an extension to my re-entry permit.

Yours faithfully,

Dear Madam:

This is in reference to application for waiver of the two-year foreign residence requirement filed by your husband, Lolo Soetoro.

Our records indicate that your husband returned to Indonesia, the country of his nationality and last residence on July 20, 1966. It appears therefore that he has accumulated the two-years of physical presence in Indonesia and that there is no need to consider the application for waiver at this time.

We are therefore considering the application closed, however, if at any time it is found that consideration of the waiver application is necessary the matter will be reopened.

Washington, D. C. 20520

Dear Sir:

There is enclosed the application of Mr. Iolo Sontoro for a waiver of the two-year foreign residence requirement of section 212(a) of the Immigration and Nationality Act, as amended.

Mr. Sontoro is a 52-year-old native and citizen of Indonesia. He was admitted to the United States as an exchange visitor on September 16, 1962, for graduate studies sponsored by the Center for Cultural and Technical Interchange Between East and East, University of Hawaii, under Exchange Visitor Program No. F-2-1793. He completed his activities under Exchange Visitor Program No. F-2-1793 on June 20, 1965. Mr. Sontoro departed from the United States on July 20, 1966, and has since been residing in Indonesia where he is presently employed by the Indonesian Government.

The applicant's United States citizen wife resides at 2234 University Avenue, Honolulu, Hawaii, with her 6-year-old United States citizen son by a prior marriage. The applicant, who returned to Indonesia and has been residing there for over 14 months in an effort to satisfy the foreign residence requirement, earns a very meager salary and is dependent upon members of his family. His wife has remained with his stepchild in the United States and earns about \$400 per month. She has made application for a visa for herself and her son to travel to Indonesia as she is determined to join her husband as soon as possible, if he is not permitted to return here, because she can no longer endure the separation. She has been trying since last year to obtain employment with the U.S. Embassy in Djakarta, Indonesia, thus far without success, and she will therefore be without adequate income to support herself and her minor son of a previous marriage who will be required to accompany her.

Satisfactory evidence of Mr. Sontoro's marriage on March 15, 1965, to a United States citizen and evidence of the legal termination

Chief, Facilitative Services Staff - 2 -

of his spouse's prior marriage have been submitted. There are no adverse factors in this case.

In view of the foregoing, it has been determined that compliance with the foreign residence requirement of section 312(e) of the Immigration and Nationality Act, as amended, would impose exceptional hardship upon Mr. Sostoro's United States citizen spouse and stepchild. It is therefore requested that the Secretary of State recommend whether the waiver should be granted.

of his spouse's prior marriage have been submitted. There are no adverse factors in this case.

In view of the foregoing, it has been determined that compliance with the foreign residence requirement of section 212(c) of the Immigration and Nationality Act, as amended, would impose exceptional hardship upon Mr. Sockoro's United States citizen spouse and stepchild. It is therefore requested that the Secretary of State recommend whether the waiver should be granted.

Sincerely,

John F. O'Shea

Attention: Associate Deputy Regional Commissioner, Operations

The applicant's file is returned herewith. It is the opinion of this office that exceptional hardship has been established in this case for the following reasons:

The applicant, who returned to Indonesia and has been residing there for over 13 months in an effort to satisfy the foreign residence requirement, earns a very meager salary and is dependent upon members of his family. His wife has remained in the United States and earns about \$400 a month. She has now determined to join her husband in Indonesia if he is not permitted to return here because she can no longer endure the separation. She has been trying since last year to obtain employment with the U.S. Embassy in Djakarta, Indonesia, thus far without success, and she will therefore be without adequate income to support herself and her minor son of a previous marriage who will accompany her there.

There is nothing in the file to document the status of the spouse's son. Please inquire into his citizenship and residence status and determine whether or not he is the applicant's child within the meaning of Section 101(b)(1)(B) of the Act, who may suffer exceptional hardship within the meaning of Section 212(e).

When the appropriate letter has been written, please send it here together with the applicant's file for forwarding to the Department of State.

There are no new circumstances at this time that would warrant a change in our previous recommendation of denial. No one forwarding the file for your review.

In an interview on May 24, 1967, Mrs. Ann Sotomay, wife of subject, advised this office that she will not receive her degree in Anthropology from the University of Hawaii in August 1967. She has written letters to the American Embassy, Honolulu and to other firms concerning employment but has received no answer to date.

Adjudicator's Basis for Decision in re: Application for Waiver of Two-Year Foreign Residence Requirement of Section 212(e), Immigration and Nationality Act of SOETORO, Iolo

Mrs. Soetoro, the U.S. citizen spouse of the applicant was contacted telephonically on May 12, 1967.

She advised that her husband is still employed by the Indonesian Government, and as before she described his salary as being meagerly, and that he is able to exist only by living with members of his family.

Mrs. Soetoro now advises that her Baccalaureate Degree in Anthropology will be obtained in August 1967 instead of June 1, 1967 as previously expected. This is due to a last minute finding that she is short a few credits.

Mrs. Soetoro related that she has written to the American Embassy and various firms in Indonesia in an attempt to find suitable employment in that country. No answer to her letters had been received at this time.

She also told me that she has submitted applications for visas to enter Indonesia for both herself and her 5-year old child, by a previous marriage. She advises that she and her child will definitely go to Indonesia to join her husband if he is not permitted to return to the United States sometime in the near future, as she is no longer able to endure the separation.

She also indicated that her son is now in Kindergarten and will commence his first grade next September and if it is necessary for her and the child to go to Indonesia she will educate the child at home with the help of school texts from the U.S. as approved by the Board of Education in Honolulu.

It is my opinion that this is a border line case, and it is noted that the applicant will have completed one year of the two-year foreign residence period on July 20, 1967. It is therefore recommended that a letter requesting the review of the Department of State be prepared and that the case be again presented for review in the light of our proposed favorable action.

Dear Mr. Soteros:

This refers to your application for a waiver of the foreign residence requirements of section 214(e) of the Immigration and Nationality Act, as amended, based on the hardship which would result to your wife by your compliance with this requirement of law.

Cases involving exchange visitors who marry United States citizens during their temporary stay in this country present many difficulties for all concerned. In support of your application, you state that upon your return to Indonesia, the country of your nationality and last residence, that you, even as a college graduate, could only obtain employment with a salary hardening on poverty and that you would not be able to support your wife if she were to join you abroad. Also, you state that the anti-American feeling is at a feverish pitch and that it would be dangerous for your wife to reside with you there. You also state that your wife would suffer from her lack of knowledge of the Indonesian language and that she would interrupt her education by going to your country to reside.

On the other hand, you state that if your wife were to reside in the United States, you would not be able to contribute to her support from your meager earnings, and that she would have difficulty in supporting herself as she has no work experience. You also mention the exceptional hardship which would be entailed in a two-year separation.

Your wife is now employed at the University of Hawaii, at a salary of \$419.86 a month. She also earns an additional \$100.00 for part-time work. She is able to give \$50.00 a month to her parents and to pay \$30.00 a month for a babysitter. She informs you she will receive her Bachelor's degree in Anthropology in February 1957.

The statute provides that a waiver on hardship grounds may be granted only if compliance with the foreign residence requirement would impose exceptional hardship upon the U.S. citizen or lawful permanent resident spouse or child of the exchange alien. Since an exchange alien must have a United States citizen or lawful permanent resident or child to be eligible to apply for a waiver, certain permanent hardships in complying with the two-year foreign residence requirement

Mr. John Sweeney

" 2 "

are inherent in every case. For example, the psychological factors involved in a two-year separation will be present whenever the United States citizen or lawful resident alien spouse or child remains in the United States, and will usually be present if the spouse or child proceeds abroad to a country with customs, language, and a mode of living which is strange to the spouse or child. Similarly, in the event majority of cases, an exchange person newly returning abroad to comply with the foreign residence requirement may not be expected for a considerable period of time to be in a position to support himself as well as a spouse and/or child who has remained in the United States. Some hardships then must be considered to be the usual hardships which might be anticipated by an exchange alien who is complying with the foreign residence requirement.

In determining whether hardship would be exceptional, this Service must consider House of Representatives Report No. 721 dated July 17, 1961, prepared by Subcommittee No. 1 of the Committee on the Judiciary, on the "Immigration Aspects of the International Educational Exchange Program". On page 101 of the report, the Subcommittee reiterates and stresses the fundamental significance of a most diligent and stringent enforcement of the foreign residence requirement. The report states, "It is believed to be detrimental to the purposes of the program and to the national interests of the country concerned to apply a lenient policy in the adjudication of visas, or the birth of a child or children, in order to support the contention that the exchange alien's departure from the country would cause personal hardship."

The factors in your case have been carefully considered. From the foregoing, it has been concluded that the hardships you have set forth constitute the usual hardships which could be anticipated, rather than the exceptional hardships contemplated by the statute. It has been determined that the strict demands of the statute have not been met and that exceptional hardship has not been established in your case.

Sincerely,

John F. O'Shea

It is noted that the applicant's United States citizen wife will obtain her baccalaureate in anthropology in February 1967, and that she is attempting to secure a position with our Embassy in Indonesia so that she may join her husband in that country. Her husband's application, concerning which a preliminary decision to deny has been made, should be held in abeyance until it is ascertained whether his wife's plans have worked out. Sometime in February 1967 the entire matter should be reviewed and a determination made as to whether changed circumstances warrant a change in decision. After such review, the file should be resubmitted to this office with your comments for further consideration, making reference to this memorandum.

Dear Sir:

With reference to your application for a waiver of the foreign residence requirement of section 221(a) of the Immigration and Nationality Act, as amended, based on the hardship which would result to your wife by your compliance with this requirement of law.

Cases involving exchange visitors who marry U.S. citizens during their temporary stay in this country present many difficulties for all concerned. In support of your application, you state that if you return to Indonesia alone, economic conditions in that country are such that you would not be able to support your wife here. If she were joined you abroad, you fear she would fall a victim of anti-American feeling prevalent in Indonesia.

(b)(6)

She stated that when she is now living with her parents in Miami Beach, Fla., she does not find your two-year residence abroad would cause her exceptional hardship.

The statute provides that a waiver on hardship grounds may be granted only if compliance with the foreign residence requirement would impose exceptional hardship upon the U.S. citizen or lawful permanent resident spouse or child of the exchange visitor. Since an exchange visitor must have a United States citizen or lawful resident spouse or child to be eligible to apply for a waiver, certain permanent hardship in complying with the two-year foreign residence requirement are discerned in every case. Dear Mr. Szebor:

This refers to your application for a waiver of the foreign residence requirement of section 212(e) of the Immigration and Nationality Act, as amended, based on the hardship which would result to your wife by your compliance with the requirement of law.

Cases involving exchange visitors who marry United States citizens during their temporary stay in this country present many difficulties for all concerned. In reports of your application, you state that upon your return to Indonesia, the country of your nationality and last residence, that you, even as a college graduate, could only obtain employment with a salary depending on poverty and that you would not be able to support your wife if she were to join you abroad. Also, you state that the anti-American feeling as so fervidly held and that it would be dangerous for your wife to reside with you there. You also state that your wife would suffer from her lack of knowledge of the Indonesian language and that she would interrupt her education by going to your country to reside.

On the other hand, you state that if your wife were to remain in the United States, you would not be able to contribute to her support even your meager earnings, and that she would have difficulty in supporting herself as she has no work experience. You also mention the emotional hardship which would be entailed in a two-year separation.

Your wife is now employed at the University of Hawaii, at a salary of \$150.00 a month. As she is no longer employed part-time as a tutor, this represents her sole income. From this she contributes \$70.00 a month to the support of her parents and from \$30.00 to \$75.00 a month for the services of a babysitter. She informs us she will receive her Bachelor's degree in Anthropology in August 1957. Your wife also advises us that she has written several letters to the American Embassy and other firms in Indonesia concerning employment but has been unsuccessful to date. Even though she is unable to secure employment, she plans to join you in Indonesia in October 1957.

Mr. Lolo Sestoro

- 2 -

The statute provides that a waiver on hardship grounds may be granted only if compliance with the foreign residence requirement would impose exceptional hardship upon the U.S. citizen or lawful permanent resident spouse or child of the exchange alien. Since an exchange alien must have a United States citizen or lawful resident spouse or child to be eligible to apply for a waiver, certain personal hardships in complying with the two-year foreign residence requirement are inherent in every case. For example, the psychological factors involved in a two-year separation will be present whenever the United States citizen or lawful resident alien spouse or child remains in the United States, and will usually be present if the spouse or child proceeds abroad to a country with customs, language, and a mode of living which is strange to the spouse or child. Similarly, in the vast majority of cases, an exchange person newly returning abroad to comply with the foreign residence requirement may not be expected for a considerable period of time to be in a position to support himself as well as a spouse and/or child who has remained in the United States. These hardships then must be considered to be the usual hardships which might be anticipated by an exchange alien who is complying with the foreign residence requirement.

In determining whether hardship would be exceptional, this Service must consider House of Representatives Report No. 721 dated July 17, 1961, prepared by Subcommittee No. 1 of the Committee on the Judiciary, on the "Immigration Aspects of the International Trade-Retorture and Exchange Program". On page 141 of the report, the Subcommittee reiterates and stresses the fundamental significance of a most diligent and stringent enforcement of the foreign residence requirement. The report states, "It is believed to be detrimental to the purposes of the program and to the national interests of the countries concerned to apply a lenient policy in the adjudication of waivers, including cases where marriage occurring in the United States, or the birth of a child or children, is used to support the contention that the exchange alien's departure from this country would cause personal hardship."

RECORD OF SWORN STATEMENT IN AFFIDAVIT FORM
AFFIDAVIT

IN RE: SOETORO, Lolo FILE NO. A14 128 294
EXECUTED AT Honolulu, Hawaii DATE Nov. 31, 1965

Before the following officer of the U.S. Immigration and Naturalization Service:
Frank R. Potter, Immigrant Inspector

I, S. Ann Soetoto, acknowledge that the above-named officer has identified himself to me as an officer of the United States Immigration and Naturalization Service authorized by law to administer oaths and take testimony in connection with the enforcement of the Immigration and Nationality laws of the United States. He has informed me that he desires to take my sworn statement in the above matter pursuant to such authority. I am willing to make such a statement. He has told me that my statement must be made freely and voluntarily and may be used against me or any other person in Immigration and Naturalization Service proceedings.

Being duly sworn, I make the following statement: My true and correct name is Stanley Ann Soetoro and I am not known by any other names except Stanley Ann Dunham. I am shown as Stanley Ann Dunham on the records of the University of Hawaii. I am a citizen of the United States by virtue of my birth in Wichita, Kansas. I am married to Lolo Soetoro. He was a student with me at the University of Hawaii as an exchange visitor.

He applied to the U.S. Immigration & Naturalization Service for a waiver of the two year residence requirement of the Immigration and Nationality Act. The basis of this application was the hardship that his absence would have caused me. Evidence was offered that it was a psychological hardship for me to be with out him rather than a physical hardship.

by
I am now living with my parents in the home which they rent here in Honolulu near the University. My son by a former marriage lives there with us.

As hardship is defined under the present laws, I don't feel that I would undergo any exceptional hardship if my husband were to depart from the United to reside abroad as the regulations require.

I have read the above statement and it is a true and correct statement to the best of my opinion.

November 22, 1966

In re: Lolo SOETORO, Applicant for Section 212(e) Waiver

Applicant's U.S. citizen spouse was interviewed at Honolulu, Hawaii this date and stated as follows:

"My husband left June 20, 1966 and went back to Djakarta. He is working for the Indonesian Government conducting a topographical survey. He is living in a house that belongs to a relative.

b)(6)

[REDACTED]

My husband makes the equivalent of \$10.00 a month American money and he relies on his relatives for support. To supplement his income, he must rely on selling personal items he bought while in the United States.

I am working at the A.S.U.H. office (Associated Students of U.H.) as a Senate secretary. In addition, I have part time employment grading papers at night and sometimes tutor U.S. students. I make \$325.00 from the University of Hawaii and about \$100.00 per month, all before taxes.

I give my parents \$50.00 per month. I buy personal things for my 5-year-old boy. I also pay \$50.00 a month for a babysitter from 2:30 to 5:00 p.m.

I am trying to save enough money so I can go to visit my husband. We figure on going and staying until my husband's time is up and then come back together.

I am applying to the American Embassy and perhaps I will be able to get a job. I speak French and am learning Indonesian. I get my B.A. in anthropology in February 1967.

DATE: September 15, 1966

FROM : Everett J. Strapp, Acting Assistant Regional
Commissioner, Travel Control, Southwest Region

SUBJECT: All 128-294, Telo Soetoro - Section 212(e) Waiver Applicant

Subject file is returned for your further consideration.

On December 14, 1965 the Region, and on December 22, 1965 the Central Office, concurred with your recommendation for denial of the application. Since that time the file has been retained in the Region in "freeze" category.

A letter in the file dated September 27, 1965 by Robert Aitken of the Institute for Student Interchange, East-West Center indicates the applicant intended to return to Indonesia in June 1966. T.C.
4-11-1966

I am submitting this statement of explanation in the knowledge that, should I fail to get the two-year foreign residence requirement waived, it would impose great hardship on my wife and have a disastrous effect on both our lives.

My wife, Ann Sostoro, is a citizen of the United States and has resided here all her life. It is presently impossible for my wife to return to Indonesia with me. The reasons are multiple. Financially, both of us having been students, there is no way I can accumulate the passage money (more than \$600 for my wife alone). Within Indonesia itself, economic crisis is so widespread at the present time that the salary of even a college graduate provides a standard of living bordering on poverty. Most importantly, anti-American feeling has reached a feverish pitch under the direction of the Indonesian communist party, and I have been advised by both family and friends in Indonesia that it would be dangerous to endeavor to return with my wife at the present time. Of secondary importance is the fact that my wife does not yet speak Indonesian. Not only would she be forced to cut short her college education, but she would be left in a position of isolation in the community.

Failing a waiver, then, my only alternative would be to leave my wife on her own and return alone to Indonesia. But this too is filled with difficulties. My wife has had no work experience and, her education being still incomplete, she is ill-prepared to be self-supporting. Yet,

at a distance of Indonesia, I would be helpless to contribute to her support. With my strong ties in the United States, I would meet with much prejudice myself in seeking employment. And, with the present devaluation of the Indonesian rupiah, a month's salary for a college graduate amounts to less than two dollars when translated into American currency. Many, many otherwise honorable men have been forced to turn to corruption just to keep food in their families' mouths. Hence, there would be no appreciable amount of cash available for me to send my wife. Other sources of income in Indonesia have likewise been cut off to me. Land belonging to my family has already been confiscated by the government as a part of a communistic land reform plan. Further, I have been advised by Indonesian nationals who have recently arrived from Djakarta that any small amount of property that I might take back to Indonesia would be confiscated at the docks by the Communist trade unions, returnable only on payment of heavy bribes (1 - 2 million rupiahs).

My wife is extremely anxious about the impending separation, as I myself am. Complicated internal problems are causing the Indonesian government to crumble rapidly. The anti-Western forces are gaining in strength and have brought about government confiscation of all United States industry in Indonesia as well as sacking of the United States embassy and burning and sacking of United States Information Service libraries. The United States Peace Corps has recently been asked to leave because the Indo-

000079

nesian government is no longer able to guarantee the safety of corps members. It seems probable that warfare in Indonesia cannot be avoided much longer. I am a trained geographer with a special background in mapping and air photo interpretation. I have traveled throughout the Indonesian islands and have detailed knowledge of each of the major areas and their resources. Due to my former compulsory association with the Indonesian army while still a student, it is quite probable that I would be placed on the front lines doing reconnaissance work in Indonesia's current campaign against Malaysia and the British forces. Aside from both my wife's and my distaste for this campaign, my wife is distraught for my safety. No reassurances that I have been able to offer her have alleviated her nervous and upset condition. I have been advised by our doctor that a prolonged separation under these circumstances would endanger my wife's health and mental outlook.

In the light of these considerations, I ask you to please waive the 2-year foreign residence requirement in our case.

MEMORANDUM

TO: Mr. John F. O'Shea, District Director
Immigration and Naturalization Service, Honolulu, Hawaii

FROM: Robert Zumwinkle, Executive Director
Institute for Student Interchange, East-West Center

SUBJECT: Mr. Lolo Soetoro, Former East-West Center Grantee From
Indonesia

14128294 TC (1-612) 5/14/65

Mr. Wooster has briefed me on his meeting with you today regarding Mr. Soetoro's visa status. He informs me that you were advised of the grantee's academic background and of the current situation with respect to his marriage and request to remain in the United States for an indefinite period. As you know, we have received a cable from the Embassy of Indonesia requesting by official order that Lolo Soetoro, a civilian employee of the Indonesian Army immediately terminate his studies and return to Djakarta, Indonesia.

Mr. Soetoro came to the United States in September, 1962 from Indonesia on a J-visa sponsored by the East-West Center. He came to participate in a program designed to insure prompt return to his home country immediately upon the completion of the agreed program of studies at the University of Hawaii. Mr. Soetoro's grant termination date was June 15, 1964. On June 19, 1964 at the student's request he was given permission by the Institute for Student Interchange to remain in the United States for practical training with Park Associates of Hawaii until June 22, 1965. At that time he was advised that the Center could not hold his return travel beyond the June 22, 1965 date. He was informed also that no further requests to remain in the United States for practical training could be entertained. He was asked to keep in touch with the Center and to take care of necessary arrangements for return travel early in June of this year. Since Mr. Soetoro did not comply with these instructions, it can only be assumed that this was an intentional disregard of East-West Center advice. During March of this year, Mr. Soetoro married a United States citizen who is currently residing in Hawaii.

We cannot, in good conscience, extend East-West Center sponsorship of his visa or agree to his remaining in the United States. There is an agreement in principle between the Center and the Government of Indonesia that every effort will be made to return students at the completion of their grants.

MEMORANDUM

TO: Dr. Zumwinkle

FROM: Mr. Robert Wooster

**SUBJECT: Visa Status of East-West Center Alumnus from Indonesia,
Mr. Lolo Soetoro**

On Friday afternoon, July 2nd, Mr. Soetoro telephoned and informed me that he had gotten his J visa extended by the Honolulu Immigration and Naturalization Service. He informed me also that he had gotten married to an American citizen and that his wife was now ill. He gave his wife's illness as the reason for his visa extension request. I asked Mr. Soetoro to come in to see me on Tuesday, July 6. Mr. Soetoro arrived at 3:30 p.m. and gave me the following information:

1. Address: 3326 Oahu Avenue, Honolulu
Telephone number: 986944
2. On or about June 4 someone at INS made an official extension of his J visa to June 20, 1966. There was no signature on the card but a notation, office HEW 379. Mr. Soetoro got this extension without any prior notification or approval from the East-West Center. According to him he gave the Immigration official the following reason: It would be a severe hardship on his wife if he were to have to return to Indonesia this year. He was married in March (cannot recall the exact date) of this year to an American citizen. Shortly after they were married his wife became ill and is still suffering from a stomach ailment which may, according to her physician, require surgery. When I pressed Mr. Soetoro for more information regarding the name of the physician, etc., he claimed that he could not remember exactly.
3. Mr. Soetoro is still employed by Hawaii-Pacific Engineers Surveyors, Inc., 1649 Kapiolani Blvd., Room 3, telephone no. - 962-151. He states that this employment will continue until June of next year.
4. Mr. Soetoro's grant expired on June 15, 1964. At that time he completed all requirements for and received an MA degree in Geography. At this time Mr. Soetoro requested that he be allowed to remain in the United States for one year for practical training with Park Associates of Hawaii, Ltd. This request was approved and Dr. Hendrickson signed the appropriate memorandum to the Foreign Student Advisor allowing Mr. Soetoro to remain for practical training until June 22, 1965 (this date actually was a mistake. Should have read June 15). At that time I was Program Coordinator for the Indonesian

000089

students so I am familiar with the particulars. I handed the student his copy of the memorandum and signed his check out sheet (which is now missing from the folder). I advised him that the Center could not hold his return travel later than June 22, 1966, one year beyond the official expiration date of his grant. I impressed him with the importance of keeping in touch with ISI and asked him to come to see me in early June of this year. Approximately six months later I received a telephone call from Mr. Soetoro explaining that Park Associates had terminated his employment because of lack of work. He informed me that he had gotten a job with the Hawaii-Pacific Company. I advised him to notify Immigration immediately of this change and I reminded him that it would be necessary for him to see me early in June. Unfortunately, I did not follow-up with a letter. This advice was given verbally and there is nothing in the folder to substantiate this. I did not hear from Mr. Soetoro again until July 2. I can only assume that this was an intentional disregard of my advice.

5. Mr. Soetoro informs me that he has written a letter to Senator Fong requesting an indefinite extension of stay in the United States. He has received a reply from Senator Fong and has promised to supply me with a copy as soon as possible. It took some urging on my part and I suspect that he would have preferred not to give me a copy.
6. When I explained to Mr. Soetoro that the East-West Center still retained visa sponsorship and authority and that his return travel option has expired, he showed very little concern. Each time I tried to discuss this with him, he attempted to change the subject and evaded my direct questions. I can only assume that he is not entirely displeased about the expiration of his return ticket.
7. Mr. Soetoro is requesting East-West Center to make a special exception in his case and to hold his return travel for another year, or until June 22, 1966. He is also requesting permission to remain in the United States for the same period. I gather that he intends to make every attempt to remain indefinitely with or without East-West Center approval although his manner throughout our interview was polite and cordial.
8. Mr. Soetoro would like permission from us to work weekends doing translation for Mrs. Wittermans in IAP. I do not know if he needs our approval but apparently Mrs. Wittermans has asked him to get this permission.

I would very much appreciate your advice on the appropriate steps that should be taken regarding his status. Also it might be a good idea to discuss this problem with someone at INS. If a student can get an extension of visa, apparently as easily as Mr. Soetoro got his, this weakens our visa control considerably and may give grantees a way around us.

Thank you very much.

SUBJECT: Lolo Soetoro (A-14 128 294), Applicant for Waiver under 212e

1. Form I-612 provides (reverse side) that (Item 4c of the Instructions) that if the applicant is in the United States, his passport and I-94 must be attached to I-612. Examination of G-590 (Property Envelope) shows that it is empty.
2. This is a case where the applicant is applying for the waiver on basis of hardship. In his signed statement attached to I-612 he states among other things:
 - a. Lack of finance in getting his wife to Indonesia;
 - b. His salary in Indonesia, once he returns there, would border on poverty;
 - c. Anti-American feeling in Indonesia;
 - d. Devaluation of the Indonesian rupiah would make it difficult for him to support his family there; and
 - e. Possible association with the Indonesian Army.
3. Dr. Nishigaya states in his letter that "medically" he is of the opinion that "a separation would cause undue hardship & emotional strain." Inspector Potter is of the opinion that the doctor's letter deals only with ~~generalities~~ in generalities.

Concerning #2 above, please determine from another interview with the applicant and his spouse the following:

1. Present ~~the~~ financial status of the applicant and his spouse;
2. Whether the applicant was aware of the conditions as set forth in #2 prior to his coming to the United States. In other words, are the conditions in Indonesia the same as they were prior to his coming here.
3. Whether either or both the applicant and his spouse are in good health

REMARKS: (If denied, state reasons)

The applicant, a 30-year old native and citizen of Indonesia, has applied for waiver of the foreign residence requirements of section 212 (c), claiming exceptional hardship for his U. S. citizen wife.

He has stated that he would be financially unable to save passage money for his wife to accompany him to Indonesia. He indicates that economic conditions in his homeland are such that he would be unable to send funds for his wife's support during his stay in Indonesia.

The applicant expresses fear that he will be taken into the army on his return home and this will cause his wife to fear for his safety.

He has attached a letter from Dr. Nishigaya saying "that such a separation would cause undue hardship and emotional strain..."

The applicant and his wife were interviewed on this date. There was no new evidence presented to substantiate the claim of hardship. It was revealed that the wife's mother and father are at present residing in Honolulu. Up to the time of the marriage, she was supported by her parents. She offered no reasons why she could not make her home with them again in event her husband was required to depart the United States.

TO WHOM IT MAY CONCERN: Re: Mrs. Stanley Ann Dunham Soetoro

Mrs. Stanley Ann Dunham Soetoro, an under graduate student at the University of Hawaii is faced with a most difficult problem--that of being separated from her husband Lolo Soetoro, an Indonesian whose visa to the United States expires in June 1965.

Internal problems in Indonesia make it almost impossible to go there even if it were possible financially to do so--and it is not.

Other considerations would make it mandatory that the couple be separated for a very long period of time.

Medically, I feel that such a separation would cause undue hardship and emotional strain were it to happen, and any help to alleviate the situation would be of great service to her.

Sincerely,

Dr. T. Nishigaya

Memo to file: A 14 128 294

In accordance with the instructions with the memo received from acting DDD Fujiwara Mr. and Mrs Soetero were re interviewed on this date. The following information was obtained.

1. Mr. Soetero is now employed at Hawaii Pacific Engineers and Surveyors, Inc. 1649 Kapiolani Blvd. Suite #3, Honolulu, Hawaii. His rate of pay is ~~\$2x~~ \$2.00 and his take home pay for two weeks without overtime is \$133.03.

2. They have some outstanding bills. A Dentist bill for Mr. Soetero for \$81.00. The dentist has also told him he would have to have 4 wisdom teeth extracted. Otherwise he is good physical condition. They also presented a telephone bill which showed one month in arrears in the amount of \$18.84. Their rent amounts to \$65.00 per month which is nominal for this ~~XXXX~~ area. They pay an electric bill of less than \$5.00 per month to their land ~~XXXX~~ lord.

3. They own a 1963 Chevrolet Corvair against which there is no lein. His uncle in Indonesia gave him the car and he is paying money as he can. He has to send the money with persons returning to Indonesia from Honolulu because to send money through the mail would be too risky in Indonesia.

4. They have approximately \$300.00 in a Savings account at 1st National Bank in Honolulu. 

Ble  They maintain no checking account.

5. As a deterrent to their financial condition affecting his ability to support his wife from Indonesia he states that the value of the Indonesian Rupiah has deteriorated from 4,000 to 1 to 10,000 to 1.

Ble 6. 

Since the first interview there have been placed in the file two memos from East West Center indicating that the Government of Indonesia is interested in having this student return to his homeland. A copy of a cable issuing an order from the Indonesian Embassy for the subject's return was included with one of these memos.

Ble Due to the  financial situation some consideration should be given to the possibility of unusual hardship prospect for the U.S. Citizen spouse

AFFIDAVIT OF ORLY TAITZ

1. I, Orly Taitz, am over 18 years old, I am an attorney, licensed in the state of California and admitted in all courts of California, 9th Circuit Court of Appeals, 3rd Circuit Court of Appeals and Supreme Court of the United States. I have personal knowledge of the facts described below and I can competently testify at trial to the following:

2. I received information from licensed investigators Sankey and Daniels as well as recently retired senior deportation officer John Sampson, that for most of his life Barack Obama used and is currently using a Connecticut social security number 042-68-4425.

3. The first three digits of the number 042 were assigned by the Social Security administration to the state of Connecticut.

4. Based on information and belief, Obama was never a resident of Connecticut.

5. Concerned that we have an individual fraudulently using a stolen social security number from a state, where he never resided, I decided to verify this information through official sources of the U.S. government.

6. I went on the official website for the U.S. government www.sss.gov. This website provides verification of the Selective Service registration with the U.S. military.

7. One cannot occupy an executive position with the U.S. government without such registration with the Selective Service.

8. For verification one is supposed to enter the name, birthdate and social security number of the individual. If all three parameters match to the identification information on file, it will show "Matched record".

9. I personally entered name "Obama", birthdate 08.04.1961 and social security number 042-68-4425, given to me by investigators Sankey, Daniels and Sampson.

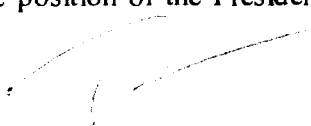

10. I got a response "Matched record" . selective service number 61-1125539-1. Date of registration 9.4.1980.

11. From birth and until date of registration Obama was not a resident of Connecticut.

12. I also received a sworn affidavit from expert Chito Papa, showing, that Barack Obama is using the same Connecticut social security number 042-68-4425 on his 2009 tax returns, which were posted on the official web site WhiteHouse.gov. This tax return was later reposted with the file flattened and the social security number electronically whitened, however the original file with the visible social security number was downloaded by Mr. Papa and multiple other individuals. A true and correct copy of such affidavit is attached herein.

13. I also received a sworn affidavit from Ms. Linda Jordan. A true and correct copy of such affidavit is attached herein.

12. As an attorney and officer of the court I declare under penalty of perjury, that above is true and correct statement of the facts. As an officer of the court I am requesting an immediate hearing on this matter, as it shows that we have an unprecedented breach of the U.S. National security, we have an individual with a fraudulently obtained Social Security number from a state, where he never resided, occupying the position of the President of the United States and Commander-in-chief.

/s/ Dr. Orly Taitz, Esq.

Instructions

I, Linda Jordan am over 18 years old, do not suffer from any mental impairment, have personal knowledge of the facts listed below and declare under penalty of perjury:

I used the government run E-Verify System to verify the employment eligibility for Barack H Obama (Obama) and it revealed a "Notice of Mismatch" between Obama's name, birth date and Social Security Number (SSN), compared to the information the Social Security Administration has on file.

I saw Obama's Selective Service Registration (SSR) form which was available on the web at www.sss.gov and copied the SSN Obama used on that form. I also read the reports of licensed investigators Neil Sankey, Susan Daniels and the opinion of retired senior deportation officer of the department of Homeland Security John Sampson, that the SSN Obama was using was fraudulent and/or never issued to him.

Between October 2008 and May 2011, I submitted several requests to agencies and people with the legal responsibility and authority to investigate the use of forged documents and election fraud, concerning Obama's birth records and SSN. (attachment A)

To date no one with the legal responsibility and authority has responded to any of my requests.

I read part of the testimony of Marianna LaCanfora before the Committee on Ways and Means Sub Committee on Social Security in the House of Representatives dated April 14th, 2011. She explained that a SSN in conjunction with a proper identity document determine whether a person is authorized to work. LaCanfora said that the E-Verify system run by the government is a free, Internet-based system that allows employers to electronically verify the employment eligibility of their employees. The Immigration Reform and Control Act of 1986 required all employers to verify the identity and employment eligibility of all new employees regardless of citizenship or national origin.

I considered myself to be one of the employers of the President of the United States.

On July 26, 2011, I tried to enroll in the E-Verify System but it required the employer to enter data from their employees I-9 Employment Eligibility Verification Form. I have been unable to locate one for Obama.

On August 17, 2011, I went back on the E-Verify website and saw that there was a "Self-Service" function that was more streamlined and easier to use when checking an employees eligibility. I entered the name Barack H Obama, birth date August 4, 1961 and SSN 042-68-4425. This data was entered correctly. The report I got back from the SSA included a "Notice of Mismatch with Social Security Administration (SSA) Records". (attachment B)

I, Felicito Papa, am over 18 years old and resident of 7579 Walden Road, Jacksonville, FL 32244 with FL DL #P100-245-45-082-0. I do not suffer from any mental impairment and I competently attest to the following under the penalty of perjury:

1. I am a professional web developer having graduated with a bachelor's degree in IT from ITT Technical Institute in Indianapolis, IN. I have over ten years of experience of in web designs and development and I have often used software such as Adobe Photoshop and Adobe Illustrator.
2. On April 15, 2010, the Whitehouse website, www.whitehouse.gov, released the 2009 Form 1040 of Income Tax Return of President Barack H. Obama:
<http://www.whitehouse.gov/sites/default/files/president-obama-2010-complete-return.pdf>.
3. I downloaded this 65-page pdf file on my computer. I observed that all information about the president's and the first lady's social security numbers were redacted. All blocks or spaces for social security numbers were blank, or "white-out."
4. I submit Exhibit A (attached herewith, page 43 part of 2009 Form 1040) Form 709 U.S. Gift Tax Return of Pres. Barack Obama. The space for his social security number is redacted or blank.
5. I submit too Exhibit B (attached herewith, page 49 part of 2009 Form 1040) Form 709 U.S. Gift Tax Return of First Lady Michelle Obama. The space for her social security number is redacted or blank.
6. Then through Adobe Illustrator software, I opened Exhibit A and B and found that these two pdf files have two layers each, not just one layer. When the top layer is turned off or dragged away, the social security numbers of both persons are revealed.
7. I submit Exhibit A1 (attached herewith) Form 709 U.S. Gift Tax Return of Pres. Barack Obama with his social security number revealed. The following information are revealed:
 1. Barack Obama's SSN. **042-68-4425**
 2. Michelle Obama's SSN **3-2302**
 3. An initial MLO on the side of Form 709
 4. A 1/4 inch dark square with notation on it.
 5. Preparer's SSN or PIN P00570974
EIN 36-2700600
Phone no. 312/372-0440

8. I submit Exhibit B1 (attached herewith) Form 709 U.S. Gift Tax Return of First Lady Michelle Obama with her social security number revealed. The following information are revealed:

1. Michelle Obama's SSN ~~5-8-89~~-2302
2. Barack Obama's SSN. 042-68-4425
3. Preparer's SSN or PIN P00570974
EIN 36-2700600
Phone no. 312/372-0440

9. It is apparent that the tax preparer for Forms 709 of Pres. Obama may have forgotten to lock or flatten the covering top layers before posting them on the Internet. I later noticed that after April 15, 2010, the pdf file posted at the White House has been modified. The top layers on President Obama's Income Tax Return have been locked or flatten and could no longer be dragged out. His SSN and his wife's SSN were no longer visible.

FURTHER AFFIANT SAYETH NOT.

things were okay. Ruth, our new mother, was nice enough to us then. She treated us almost like her own children. Her parents were rich, I think, and they would send us beautiful presents from the States. I'd get really excited whenever a package came from them. But I remember sometimes Roy would refuse to take their gifts, even when they sent us sweets. I remember once he refused some chocolates they had sent, but later in the night, when he thought I was asleep, I saw him taking some of the chocolates that I had left on our dresser. But I didn't say anything, because I think I knew that he was unhappy.

"Then things began to change. When Ruth gave birth to Mark and David, her attention shifted to them. The Old Man, he left the American company to work in the government, for the Ministry of Tourism. He may have had political ambitions, and at first he was doing well in the government. But by 1966 or 1967, the divisions in Kenya had become more serious. President Kenyatta was from the largest tribe, the Kikuyus. The Luos, the second largest tribe, began to complain that Kikuyus were getting all the best jobs. The government was full of intrigue. The vice-president, Odinga, was a Luo, and he said the government was becoming corrupt. That, instead of serving those who had fought for independence, Kenyan politicians had taken the place of the white colonials, buying up businesses and land that should be redistributed to the people. Odinga tried to start his own party, but was placed under house arrest as a Communist. Another popular Luo minister, Tom M'boya, was killed by a Kikuyu gunman. Luos began to protest in the streets, and the government police cracked down. People were killed. All this created more suspicion between the tribes.

"Most of the Old Man's friends just kept quiet and learned to live with the situation. But the Old Man began to speak up. He would tell people that tribalism was going to ruin the country and that unqualified men were taking the best jobs. His friends tried to warn him about saying such things in public, but he didn't care. He always thought he

knew what was best, you see. When he was passed up for a promotion, he complained loudly. 'How can you be my senior,' he would say to one of the ministers, 'and yet I am teaching you how to do your job properly?' Word got back to Kenyatta that the Old Man was a troublemaker, and he was called in to see the president. According to the stories, Kenyatta said to the Old Man that, because he could not keep his mouth shut, he would not work again until he had no shoes on his feet.

"I don't know how much of these details are true. But I knew that with the president as an enemy things became very bad for the Old Man. He was banished from the government—blacklisted. None of the ministries would give him work. When he went to foreign companies to look for a post, the companies were warned not to hire him. He began looking abroad and was hired to work for the African Development Bank in Addis Ababa, but before he could join them, the government revoked his passport, and he couldn't even leave Kenya.

"Finally, he had to accept a small job with the World Bank. Even this was possible only because one of his friends, *Pharoset Gekor*, job kept food on the table, but it was a big fall for him. He began to drink heavily, and many of the people he knew stopped coming to visit because now it was dangerous to be seen with him. They told him that maybe if he apologized, changed his attitude, he would be all right. But he refused and continued to say whatever was on his mind.

"I understood most of this only when I was older. At the time, I just saw that life at home became very difficult. The Old Man never spoke to Roy or myself except to scold us. He would come home very late, drunk, and I could hear him shouting at Ruth, telling her to cook him food. Ruth became very bitter at how the Old Man had changed. Sometimes, when he wasn't home, she would tell Roy and myself that our father was crazy and that she pitied us for having such a father. I didn't blame her for this—I probably agreed. But I noticed that, even more than before, she treated us differently from her own two sons. She would *1 of 1* children and there was
