Dear Mr. Arshack, I received your e-mail which sounds like a threat.

In your e-mail you stated that someone monitoring my blog advised you that I posted on my blog a comment that I am tentatively scheduled to participate in the "International Criminal Law Forum". You stated that you are one of the organizers and that I will NEVER be scheduled to participate. Please, allow me to respond and clarify for you:

1. Attached brochure shows that the Forum in question is organized by "Association Internationale de avocats de la defense", Royal Roads University, International Criminal Bar, NACDL and the Hague University. It does not list Dan Arshak as one of the organizers.
2. You can find attached an invitation sent to me by Laura Vericat, secretary of the International Bar Panel. The registration sent by ICB constitutes an offer to participate. I accepted that offer by filling out the registration, providing my credit card information and sending it to ICB. As such a valid contract was formed and I will be participating. As a matter of fact the only reason I posted that I will "tentatively" participate, is the fact that the registration and flier contained one condition, stating that in case by March 18 there will not be enough participants, the organizers reserve the right to cancel the forum. There were no other conditions and if the whole forum will not be cancelled by March 18th, I will be participating.
3. Apparently you did not like my statement that I "will bring to the attention of the international jurisprudence an overwhelming amount of evidence of the usurpation of the U.S. Presidency". I assure you dear Mr. Arshak that I indeed have overwhelming evidence of the usurpation of the U.S. Presidency. A forum on International tribunals and International Criminal Court is a proper forum to bring to the attention of fellow attorneys such evidence.

Were do you propose I bring this evidence? At the national Forum for Proctology or International forum for Door knob design in Timbaktu? This is an issue of international importance. I have sworn affidavits from law enforcement officials and experts showing Mr. Obama is using forged IDs and a stolen Connecticut Social Security number 042-68-4425, which was never assigned to him according to E-verify and SSNVS. I can provide a full number to you, as it was posted by Mr. Obama in whitehouse.gov <<http://whitehouse.gov>>, public forum, when he posted his tax returns and originally did not flatten the PDF file. At the forum I will be happy to provide you with all the information. You can also see attached a letter I sent recently to the President of Israel with all the aforementioned information.

Lastly, I would ask you to clarify for me one more detail. I understand you are a criminal defense attorney. Your bio states "Mr. Arshack has successfully handled securities fraud litigation, financial crimes, money laundering, arms dealing, foreign corrupt practices violations, business loss, homicide, sex crimes, conspiracy, and narcotics offenses. Mr. Arshack was U.S. counsel in a case at the International Criminal Tribunal for the Former Yugoslavia in the Hague." Please, clarify on behalf of which of these esteemed clients are you threatening me? I would like to get clarification, so I can alert the police department and Royal Mountain Police in Victoria, British Columbia, Canada and ask for some protection.

With great regards,

Dr. Orly Taitz, ESQ
