THE STATUS OF ONGOING CASES CHALLENGING BARACK OBAMA'S RIGHT TO THE PRESIDENCY OF THE UNITED STATES OF AMERICA

It was on April 7, 2010 that we first had as our speaker, Dr. Orly Taitz. At that meeting, she brought to us and, at the time, to the public view the illegitimacy of his being a natural born citizen of natural born American parents. Various judges throughout this country at all levels have thwarted her many times since. She even had Supreme Court Chief Justice Roberts refer her cases to the entire panel of Justices. That did not happen. Revelations came out that the Supreme Court staff was not disseminating information that had been submitted to the Supreme Court Justices.

Currently, Dr. Taitz has **eight** different cases against Obama going on. She will inform us as to what she is doing in each case, and in addition, will be speaking about the current manipulations occurring in the Department of the Treasury.

For those of you who are not aware of Dr. Taitz's background, she has two doctoral degrees, one as a doctor of Jurisprudence and the other as a doctor of dental surgery. She continues to be the president of Defend Our Freedoms Foundation as well as the editor of the OrlyTaitzEsq.com blog where she keeps her public apprised of the status of the current cases she is working on. She is a prolific writer on the issues of Constitutional Law, politics, economy, and Constitutional education of our youth. She is married to her supportive husband for 26 years, and is the mother to three sons. The Oldest just started his second year of PhD, specializing in Post-Traumatic stress disorder. Her middle son is graduating from university in May and her youngest one is in his third year of pre-law and economics.

Dr. Taitz was born and raised in the Communist Soviet Union and knows, firsthand, the bleakness of the Totalitarian regime and deprivation of Constitutional rights. When Mr. Obama became the U.S. president, she became deeply concerned by the fact that he refused to present any of his original vital records and that the issue of Mr. Obama's dual citizenship and split allegiance still has not been heard in any court of law. There since has been much evidence to support her contention. Sheriff Joe Arpaio's (Sheriff of Maricopa County, Arizona) special investigators have shown proof that supports her case. Dr. Taitz continues, on a pro bono basis, her mission: to have this issue continue in the forefront of the public and to, still, have it heard on its merits. The mission is still to have a judge who will hear it through and act on it.
