## **A GORILLA IN THE ROOM?**

Barack Hussein Obama is no fool. He is not incompetent. On the contrary, he is brilliant. He knows exactly what he's doing. He is purposely overwhelming the U.S. economy to create systemic failure, economic crisis and social chaos thereby destroying capitalism and our country from within. Barack Hussein Obama was my college classmate (Columbia University, class of '83).

**He is a devout Muslim;** do not be fooled. Look at his czars... Anti-business anti-American. As Glenn Beck correctly predicted from day one, Barack Hussein Obama is following the plan of [Cloward & Piven](#), two professors at Columbia University. They outlined a plan to socialize America by overwhelming the system with government spending and entitlement demands.

Add up the clues below. Taken individually, they're alarming. Taken as a whole, it is a brilliant, Machiavellian game plan to turn the United States into a Socialist/Marxist state with a permanent majority that desperately needs government for survival. And can be counted on to always vote for even bigger government. Why not? They have no responsibility to pay for it.

### **Universal Health Care:**

The Health Care bill has very little to do with healthcare. It has everything to do with unionizing millions of hospital and healthcare workers as well as adding 15,000 to 20,000 new IRS agents (who will join government employee unions). Obama doesn't care that giving free healthcare to 30 million Americans will add trillions to the national debt. What he does care about is that it cements the dependence of those 30 million voters to Democrats and big government. Who but a socialist revolutionary would pass this reckless spending bill in the middle of a depression?

### **Cap and Trade:**

Like healthcare legislation having nothing to do with healthcare, Cap and Trade has nothing to do with global warming. It has everything to do with redistribution of income, government control of the economy, and a criminal payoff to Obama's biggest contributors. Those powerful and wealthy unions and contributors (like GE, which owns NBC, MSNBC and CNBC) can then be counted on to support everything Obama wants. They will kick-back hundreds of millions of dollars in contributions to Obama and the Democratic Party to keep them in power. The bonus is that all the new taxes on Americans with bigger cars, bigger homes and businesses helps Obama spread the wealth around.

### **Making Puerto Rico a state:**

Who's asking for a 51st state? Who's asking for millions of new welfare recipients and government entitlement addicts in the middle of a depression? Certainly not American taxpayers! But this has been Barack Hussein Obama's plan all along. His goal is to add two new Democrat senators, five Democrat congressmen and a million loyal Democratic voters who are dependent on big government.

(This will tip the balance of those living off the government to more than those who must pay for it; and we're done for.)

### **Legalize 12 million illegal Mexican immigrants:**

Just giving these 12 million potential new citizens free healthcare alone could overwhelm the system and bankrupt America. But it adds 12 million reliable new Democrat voters who can be counted on to support big government. Add another few trillion dollars in welfare, aid to dependent children, food stamps, free medical, education, tax credits for the poor, and eventually Social Security. (see note above re: Puerto Rico)

### **Stimulus and bailouts**

Where did all that money go? It went to Democrat contributors, organizations (ACORN), and unions -- including billions of dollars to save or create jobs of government employees across the country. It went to save GM and Chrysler so that their employees could keep paying union dues. It went to AIG so that Goldman Sachs could be bailed out (after giving Obama almost \$1 million in contributions). A staggering \$125 billion went to teachers (thereby protecting their union dues).

All those public employees will vote loyally Democrat to protect their bloated salaries and pensions that are bankrupting America. The country goes broke, future generations face a bleak future, but Obama, the Democrat Party, government, and the unions grow more powerful.

The ends justify the means. Raise taxes on small business owners, high-income earners, and job creators. Put the entire burden on only the top 20

percent of taxpayers, redistribute the income, punish success, and reward those who did nothing to deserve it (except vote for Obama).

Reagan wanted to dramatically cut taxes in order to starve the government.

Barack Obama wants to dramatically raise taxes to starve his political opposition. With the acts outlined above, Barack Hussein Obama and his regime have created a vast and rapidly expanding constituency of voters dependent on big government; a vast privileged class of public employees who work for big government; and a government dedicated to destroying capitalism and installing themselves as socialist rulers by overwhelming the system.

Add it up and you've got the perfect Marxist scheme all devised by my Columbia University college classmate Barack Hussein Obama using the Cloward-Piven Strategy.

Last point: think about what this designed rule of the rabble will do to anyone successful and everyone receiving this is. What will your lives be like under Communism? The time to fight this abomination is now.

I hope each of you will share this with your friends.
