Dear Mr. Yamamoto,

First, please allow me to express my deepest condolences upon untimely passing of your superior, Director of Health Loretta Fuddy, during yesterday's airplane forced water landing. It must have been even more traumatic as reportedly Ms. Fuddy passed away holding your hand.

It was surely a traumatic experience and a tragedy and our thoughts and prayers are with you.

Due to such difficult circumstances I am simply asking a question and not filing a formal request for information.

As you know, Ms. Fuddy was the person who released Mr. Obama's alleged true and correct copy of his allegedly genuine birth certificate which allegedly exists and allegedly was in safe keeping in the vault of the Department of Health in Hawaii since August of 1961.

At the time of release Ms. Fuddy wrote a letter to Mr. Obama stating that the Department of Health does not release Long Form birth certificates and she is making a special exception for Mr. Obama as a U.S. President. The letter stated: "Dear President Obama: I have reviewed your request for two certified copies of your original birth certificate of Live Birth. As the Director of Health for the State of Hawaii, I have the legal authority to approve the process by which copies of such records are made. Through that authority, in recognition of your status as President of the United States, I am making an exception to current department policy which is to issue a computer-generated certified copy."

However, attached is a long form birth certificate for another individual, resident X, which was released on March 15, 2011, approximately one month before Obama obtained his alleged birth certificate.

My question is, what is the explanation, why Ms. Fuddy and/or you, and/or any other employees of the Health Department did not disclose to American citizens that in fact other long form birth certificates are being released to other individuals?

This is of particular interest as prior Director of Health, Dr. Neal Palafox, resigned in February of 2011 and Ms. Fuddy started her tenure only in March of 2011. She released Obama's alleged birth certificate only one month after being appointed as Director of Health, so clearly she could not forget the fact that she released other long form birth certificates during this one month that she was in office.

This is a matter of public concern and I would greatly appreciate your response in the earliest convenience.

Respectfully,

A handwritten signature in blue ink, appearing to be 'Dr. Taitz', written over a horizontal line.

Loretta J. Fuddy, ACSW, MPH
Director of Health
State of Hawaii Department of Health
1250 Punchbowl Street, Room 325
Honolulu, Hawaii 96813

Dear Ms. Fuddy:

I am writing on behalf of my client, President Barack Obama. Enclosed please find a letter from my client requesting two certified copies of his original certificate of live birth and authorizing me to act on his behalf in completing this request.

As you know, several years ago, my client requested a certified copy of his birth certificate and received, pursuant to the policy and practice of the Hawaii Department of Health, a Certification of Live Birth, sometimes referred to as a "short-form" or abbreviated birth certificate. This Certification of Live Birth is, of course, legally sufficient evidence of birth in the State of Hawaii. Moreover, it is my understanding that it is, and has been, the Department of Health's longstanding policy and practice to provide only the "short-form" version when a certified copy of a birth certificate is requested.

We understand that the Department of Health has adopted this policy for sound administrative reasons. However, we are writing to request a waiver of the Department of Health's policy, so that my client can obtain two certified copies of his original, "long form" birth certificate. Waiver of the Department's policy in this instance would allow my client to make a certified copy of his original birth certificate publicly available and would also relieve the burden currently being placed on the Department of Health by the numerous inquiries it receives from the media and others relating to my client's birth record.

The Honorable Barack Obama
President of the United States
The White House
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear President Obama:

I have reviewed your request for two certified copies of your original Certificate of Live Birth. As the Director of Health for the State of Hawaii, I have the legal authority to approve the process by which copies of such records are made. Through that authority, in recognition of your status as President of the United States, I am making an exception to current departmental policy which is to issue a computer-generated certified copy.

We hope that issuing you these copies of your original Certificate of Live Birth will end the numerous inquiries received by the Hawaii Department of Health to produce this document. Such inquiries have been disruptive to staff operations and have strained State resources.

Enclosed please find two certified copies of your original Certificate of Live Birth. I have witnessed the copying of the certificate and attest to the authenticity of these copies. A receipt for the payment of these documents is attached for your files. Please let us know if we can be of further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Loretta J. Fuddy".
