

Do you believe in the Constitution?

Do you believe in the Bill Of Rights?

My name is Dr. Orly Taitz Esq. I lived behind the Iron Curtain under Russian Communist/Socialist government and understand the unique value of the United States Constitution and Bill Of Rights giving the people power over their government. I lived under “Socialist” Tyranny and know what it looks like. That is why I am running to be your next **Attorney General** of our Golden State of California.

I will preserve your Second Amendment right to bear arms!

I will work to create more jobs in California by nullification of EPA mandates which destroy businesses, while keeping a clean environment!

I will work to bring back California water badly needed for our farming that was cut off by the Federal Government!

I will work tirelessly to protect your civil rights, freedoms and defend the Constitution. Please visit my website and learn more about me.

Help me fight to protect our Freedom and Liberty.

Thank You California
