Re Cover up by the office of the General Counsel of the Social Security Administration of Eggregious Fraud, theft of a Social Security number ~~000000~~ 4425 of an individual born in 1890 by former president Barack Obama

Dear Mr. Steffensen,

On April 15, 2010 Barack Obama posted his tax returns on WhiteHouse.gov. The tax returns were not properly redacted and the public at large could see him using a Connecticut Social Security number ~~000000~~ 4425. First three digits 042 are assigned to the state of Connecticut, and it was a red flag, as Obama was never a resident of Connecticut. Later Obama redacted the file, but the information was already public. In 2011 Obama randomized the SSNs, however, this number was issued around 1977 and was assigned to Connecticut.

I am a licensed attorney, admitted to multiple state and federal courts and admitted to argue before the Supreme Court of the United States.

Over the years I worked with multiple licensed investigators, former ICE officers, experts in fraud and forgery.

Please, find attached a 150 page file, which contains multiple affidavits showing that Obama fraudulently used a Connecticut Social Security number which was assigned to former resident of Connecticut Harrison (Harry) J Bounel, born in 1890 in Bessarabia (currently called Moldova) in former Russian Empire. Bounel immigrated to US in 1912. He was a cash blue color worker and did not apply for SSN until around 1977, when he was gravely ill and needed Medicare benefits. Shortly thereafter Barack Obama started using this number while residing in Hawaii. Bounel's death was either never reported to

SSA or was deleted from the numident electronic records by a SSA official. I suspect that the change in electronic records was done by the former long time Actuary of the SSA, Harry Ballantyne. The reason I suspect Ballantyne, is because Obama's name is also linked in the databases to the Social Security number of the deceased mother of Harry Ballantyne, Lucile Ballantyne (included in the attached file). I was able to talk to Ballantyne on the phone and asked if he knew that Obama's name was linked in the databases to his mother's SSN. Normal response would have been a surprise or outrage, but Ballantyne responded "They have no rights". I asked "who has no rights". He responded: "Dead people" and refused to talk any further.

Recently, it was reported that DOGE found 25 million active SSNs of individuals who older than 100 years old. SSA reported that some 12 million SSNs of people over 120 years old were removed from active databases and listed as presumed deceased. According to the Guinness book of records the oldest American is 114 years old. Because the number ██████ 4425 is linked to DOB of 1890, meaning the person would be 135 years old, I was hoping to receive the original SS-5 now. I submitted the FOIA request both on line and by mail. I did not receive SS-5 yet again, but the letter from SSA contained an attached page called "Master File Query Menu". At the bottom of the file there was a phone number 410 965 8006. Below there were hand written names Andrea Woodfork and Ashley Corentian (last name spelling was not clear). On Monday 07.28.2025, between 9 and 10 am PST I called this number, a person with a pronounced Southern accent answered the phone. I asked to speak with Andrea Woodfork. The gentleman answered and said that she is not at work, but that he is the director and she is working for him. I asked his name, he stated Marvin Goldstein. I explained to Mr. Goldstein the matter of Obama's use of a stolen CT SSN ██████ 4425. Mr. Goldstein stated that he is well aware of the matter, he stated "WE went to the OGC (office of the General Counsel), to see if we can proceed with this, they told us that we cannot proceed because she is not using proper channels" I explained that I used all proper channels, I filed FOIA requests, however previously Dawn Wiggins, Deputy Executive Director of SSA, filed declarations with court stating that SS-5, original application to SSN of number ██████ 4425 cannot be released due to the fact that there is a live individual using it. Mr. Goldstein stated that he will get in touch with the office of the general counsel, advise them that I used the proper channels, and they will call me back. I did not receive a call back.

The whole point of my request for a copy of the original SS 5 and not the electronic record, is when there are two birthdates linked to the same SSN, as it is in this case, 1890 and 1961 clearly, the earlier birthdate is the birthdate of the original recipient. Electronic records can be easily changed, however, the original SS 5 paper record cannot be easily changed, as experts can analyze the paper and ink for signs of forgery. Moreover, the attached file shows evidence of forgery and falsification of other IDs of Barack Obama, such as Selective Service Registration, Long Form Birth Certificate and others.

I have used all proper channels available to members of the public, however, due to the cover up by the OGC and OPD within the SSA, it is up to the Deputy Commissioner, Mr. Steffensen or Commissioner, Mr. Bisignano to investigate and provide the original SS-5 and provide an explanation to the public, why the Social Security number used by Barack Obama while in the White House, is a number from the state, where he never resided, why there are two birthdates, 1890 and 1961 linked to this number, why this

number failed each and every check of the SSNs, such as E-Verify, SSNVS, Merlins information systems and others.

Millions of Americans are following this scandal for years and awaiting information and justice and accountability.

Failure to provide answers might be seen as a part of the criminal conspiracy to cover up the most serious fraud in US history, as well as treason, as an individual of unknown origin and allegiance, using a stolen Social Security number from a state where he never resided, was allowed to usurp the position of the President of the United States.

Due to the great public interest and importance to national security, this letter will be made public and will be posted on TaitzReport.com, OrlyTaitzESQ.com and will be linked to X and Facebook.

If necessary, I am willing to fly to Maryland, SSA headquarters and provide any and all explanation and clarifications in regards to the attached file. I hope that there will be an expedient handling of this matter and a response with production of SS-5 for Connecticut Social Security number ~~6-1-28~~ 4425.

Respectfully,

/s/ Dr. Orly Taitz, ESQ
